Tells College Guidance Session To End Students' World-Owes-Me-A-Living Attitude

Gives Advisers' Creed Dean Lankard Vice-President Of Eastern Association

That the college adviser must help destroy the "dole illusion"-the attitude of "the world owes me a living"-was the contention of Ira Y. Hecht, Jr., Brothers College junior, speaking on "A Counselor's Creed as Seen By a Student" before the annual meeting of the Eastern Association of College Deans and Advisers of Men, in Haddon Hall, Atlantic City, last Saturday morning.

"The student counselor must help dispel the idea prevalent among students that the B.A. degree stands for Bank Account, rather than Better Adaptability," declared Hecht, one of four students to speak at the session on College Guidance and Direction.

Dean Frank Glenn Lankard was elected vice-president of the Association. President and Mrs. Arlo Ayres Brown and Registrar F. Taylor Jones also attended the convention.

Tribute was paid to the Dean's habit of giving individual attention to Brothers College students. He is characterized as "one of the fairest men on the campus" in a student's remark quoted by the magazine.
