Cornerstone Laying To Mark Progress On Rose Library

Campus, National Periodicals, and Contents of Cornell Stone to be Enclosed

Pilling to Wield Trowel

Lawson and Others Take Part as Brown Conducts Service William S. Pilling, president of the

Drew University Board of Trustees, will be the principle participant in the laying of the cornerstone for the Rose Memorial Library, according to the program released today by O. Gerald Lawson, head librarian. The event will take place Monday afternoon, June 6, at four o'clock.

The cornerstone laying will mark the second big step in the construction of the half-million dollar edifice. In February, Mr. Pilling turned the first shovelful of earth in the ground-breaking ceremonies. President Arlo Ayres Brown will preside at the service. Dean Lynn Harold Hough will lead the invocation, followed by a scripture reading by Professor Lawson.

A short address will be delivered by Mr. Pilling before he lays the first trowel of mortar on the cornerstone. Just before it is sealed President Brown will read a list of articles which will be enclosed in the vault. The list will include everything contained in the old Cornell Library stone, recently opened, besides the following: copies of the Madison Eagle for May 6, 1937, containing an announcement of the bequest: THE DREW ACORN of Jan. 13; the January Gateway, February Alumnus; and Within These Gates for

Also to be deposited in the cornerstone are, a copy of Charles F. Sitterly's new book, The Building of Drew University; the Aldersgate number of the Christian Advocate; catalogs of Brothers College and Drew Seminary; and programs of the ground-breaking, cornerstone-laying, and also of the 1938 Commencement

Dean Frank G. Lankard will close the ceremonies with a benediction.

President Attends Reunion President Arlo Ayres Brown will at-June 11. From there the president

President Brown Will Preach Sunday After Academic **Procession to Church**

Outdoor Graduation

Conferring of Degrees to Take Place on Mead Hall Porch

Members of the sixth graduating class of Brothers College and of the seventy-first class of Drew Seminary will finish their careers here with a continual round of ceremonies and social events beginning with the Baccalaureate Service to be held this Sunday morning at eleven o'clock.

In the evening there will be the annual Alumni Missionary Service. Monday's events include meetings of the Seminary alumni in the morning, the cornerstone laying and the President's reception in the evening. Finally, on Tuesday the seventy-first annual commencement exercises, led by Bishop Paul Bentley Kern, will be held.

President Arlo Ayres Brown will conduct the Baccalaureate service which is to be held at the First Methodist Episcopal Church. The title of his sermon is, "What do ye more than others?" If the weather permits an academic procession of faculty and graduates will form at Mead Hall and march to the church.

The missionary service in the evening at eight o'clock will feature an address by Arthur D. Berry, D.D., Dean emeritus of Aoyama Gakuin, Tokio. At 10:30 a.m. Monday there is a Seminary Alumni memorial service and business meeting; at one o'clock an alumni luncheon at the refectory. As has been the custom an elected member of the twenty-fifth reunioning class will deliver an ora-

THURSDAY, JUNE 2, 1938

OUR "GOLDEN BOY" LEAVES

TATHEN the senior class looked around for someone upon whom to bestow the title "did most for the college" they picked Ralph Porzio to a man. They also picked him as "most likely to succeed," which Ralph considers an unfortunate handicap. We do not know if Porzio will succeed in later life or not; but we do know that he has succeeded in college. As editor of the ACORN for the last two years and active member of the staff for four, he has developed the ACORN from a pleasant, but anemic, periodical to a dynamic campus newspaper.

The work he has had to do personally is prodigious. Many are the nights that he has forms to the letter of the requirement, but is it worked until four and five in the morning before in keeping with the spirit? (3) Why are stuwriting the final words of an editorial or tacking dents allowed to sit in on language examinations on a parting "adios" to Campus Chatter. Withal Ralph always managed to preserve his rare sense of humor. We found when we took over the ACORN office a slightly bulging envelope proficiency that makes possibly poorer students for some valid solution for them, none, pasted on the door. It bore the following notation, "EDITORIAL ASPIRINS-from editor are graded at the same time. Porzio to editor Bello."

Boy, a glass of water.

THE GODS HAVE SPOKEN

BY which we mean semester and comprehensive grades have been posted and the line of reasoning involved in bestowing a particular grade has been occasionally obscure. Or in other cases, as we will show, the basis for the grade 1. A "reading knowledge" of a

The Case Against Language Tests

"reading knowledge" is defined 'as a demonstrated ability to read at sight ordinary prose in the language selected, with a proficiency equal to Re: Giving that expected of a student who is able to earn' a grade of C at the end of a third year Brothers College course in that language."

Regardless of the fact that one of the seniors ous fault with this practise if every student in able to stave off its debacle for two the practical way of achieving Mr. Regardless of the fact that one of the seniors failed the language examination this year at least four pertinent questions remain. (1) Why cannot the language test be taken in Italian? Surely Such, however, has not been the case. In every Jersey City. we do not have to labor the point that it is one instance only a certain few received copies from Now, at that time Mr. Wells had "It is a super university I am thinkof the more important foreign languages, from students who had previously taken the course, a solution for all the difficulties that ing of, a world brain; no less,' a literary point of view at least on a par with and almost without exception these students beset the sorry old globe: it was There is throughout the book a spanish or even French or German. Is it taboo simply because the professional staff is not adequate to include it in the curriculum? The given set of questions. In fact clever students deavors, Lately, however, there has waste on which the world is now emquestion remains regardless of whether or not would be inclined to prepare for questions not been a change in the panacea that barked. (2) A fessors cannot be so pressed for time that they Education is the cure for which the toward the Christian religion, which, quirement in Italian, as he maintained. (2) A fessors cannot be so pressed for time that they are unable to devise a different examination every year. The least they could do would be to devise that he feels has laid an unfriendly hand all this foolishness that has been run-which have embraced it. Thus the students have been allowed to fulfill the language take a month off during some summer and comrequirements by taking examinations in their pose a set of four and use them sequentially. Idiotic social behavior and education Mr. Wells' pet hates.

Students' Apathy, Hate of Work Target for Porzio's Swan Song

On the Level..

Deadlines & Deficits Loom Quite Large In Ex-Editor's Reverie

by Ralph Porzio

EVERY EDITOR OF THE ACORN must face two spectres: deadlines and deficits. About that, nuff said. Editing THE ACORN now for two years has been an education in itself. It exacts a lot of time and energy. It is fraught with emotional pitfalls. The agonizing moments come when simultaneously one realizes the potentialities and the limitations of the task. THE ACORN in the past few years has grown into a cooperative enterprise. Students, faculty and administration have rallied to its support. That's quite encouraging.

One of the things which amazed us during our first year at Brothers College was finding a college newspaper that completely ignored community problems. To us, the editorial column has always been the thinking end of the paper. Chapel programs and cheerleading were the limits of THE ACORN's "thinking." That was why we brought forth the motto for THE ACORN: "The Campus Newspaper with a Community Conscience." And we tried to live up to it! That was why we wrote on May 22, 1936, when we took over the editorship: "THE ACORN will no

longer assume that the world is a shell whose diameter extends from Drew Gateway back to Long Pond. The time is past when college men and women ignore the sweeping tide of world affairs. We can no longer be content to remain behind academic walls."

THE STUDENT BODY in general, and THE ACORN staff in particular, had to be "educated" to that attitude. And yet, it is that very charge of being "academic," "cloistered," "bookish," "theoretical," etc., that has always faced the college graduate—ay, even the professor. That's what peeves us when we try to convince a dilettante professor or student-and boy, we've argued with plenty of them!-that athletics and extra-curricular activities have an educational value.

What we like best about today's college student: his immense possibilities, his unknown power. What we don't like about today's college student: his disdain for manual labor and his attitude of indifference-almost contempt-for the man of the street.

Highlights of the past four years: That honor system debate with Phil Burdett in 1936 . . . the April Fool issue of 1937 . . . Riding The Circuit

Thursday, June 2, 1938

John

As I review the 1937-38 athletic season, I am impressed with a number of schedule defects that come swarming into my mind. It is possible that the thoughts come to no one else on the campus, but since they came to me, and since I have the liberty of saying what I please in about 12 inches, here's what I think.

In the first place, both the basketball and baseball teams ended their seasons away from home, the court recently Ralph Eskesen gained a team in Washington and the baseball major share of the honors, in an eveteam at Hamilton. As far as the ning that saw 35 Varsity letters campus was concerned, the basketball awarded. Probably the most important season closed after the 12th game, award that Eskesen won was the with the Johns Hopkins and America Albert Ben Wegner Scholarship, University games becoming merely awarded each year to the athlete who line scores in the New York Times has done most to uphold the ideals of and month-old box-scores in THE the college and who most closely ap-ACORN. The baseball ending was still proaches the ideal of what a college more vague. It is my contention that student should be. Eskesen received Bard was the last opponent, with two varsity letters, in basketball and Hamilton being merely something nice in tennis, and in a short business that the boys did AFTER school was meeting that followed the banquet,

going to pay to send a few athletes the students don't know who won the in college for its own sake, rather Johns Hopkins tennis match, granting than for professionalized victories. Dr.

The schedules themselves are much rather than separated from it. too late in being announced, I believe. I see no reason why ALL schedules cannot be announced sometime during spoke for the basketball team, Esauthe first two months of school. I Mishkin for baseball, Grover Bagby appreciate the fact that there are for tennis, and Everett DuVal for the difficulties, but in cases where games fencing squad. are tentatively booked, it is permissable to just say "pending". With the schedules thus announced, they could throughout the season.

Tonight is a gala occasion for the boys who have sweated all spring on annual beefsteak gathering tossed by Doc after very season's play, And who will be the chef? . . . yes, there'll be a chef because the event's to be held outdoors behind the gym-with none other than Harry (short-order) and Robert Terwilliger, basketball. been watering all day, and it makes a strenuous year a little softer in ber of pitchers to various leagues

RECAPITULATION

Young's four oilskin jackets.

ATHLETIC ENCOUNTERS off the upstarts in short order and then retire to the comfort of smoking jacket and slippers at the Bottle Hill and courts, respectively, to battle it for the piece de resistance—the annual out in the fight of youth vs. age at alumni banquet—there to tell of forthree o'clock. The oldsters have lined mer prowess on the athletic fields of up teams replete with the doughtiest dear old Drew, and to bemoan the of the old guard. Present varsity fate of the present generation with members, however, were not notice- many I-don't-know-what-they're-comably cringing in terror behind "Doc" ing-tos. Odds-bodkins if youth only

TODAY'S QUESTION

career?

Cecil P. Wright: "Probably the most memorable in-

cident in my college career occurred the night after the Spring Prom of 1937. On this night we had the largest house .party ever staged on

campus. I was forced to run all over the campus searching for crockery. Quelle Nuit."

Philip A. Esposito; "The most me-

morable event in my college career came in the second round of the Senior - Junior Interclass Football game. Having lost the first game to the Juniors,

we Seniors were determined to win this game inasmuch as it was to be the last football game of our college

"We scored the first touchdown, leading 6-0. Twice we were threatened at the goal, but twice we held our posts, giving the Juniors two safeties and concluding the game, 6-4.

"It shall always remain as a living memory of a real great football clash in which I had the opportunity to participate actively."

R. S. Hamilton: "The event of 'my four years

which I consider outstanding was the Spring Prom week-end this year. The fivecouple dinner party Saturday night, and the razzing

given me for coming within a year of attaining my majority also on Saturday were factors contributing to making the Prom the best week-end and also the most memorable event of the four years."

Departing Council Passes Bucks and Cakes to New

The departing Student Council tendered an informal reception to the incoming members last week, passing on their cup of woe, along with ice cream and cakes. The new members gladly took the refreshments but refused to have anything to do with the cup that jeers.

Retiring President David K. Briggs extended welcomes and condolences to president-elect Wilbur Hippensteel.

Nutty But Nice

IT'S ALL OVER NOW but the poutin' . . . or so we gather "What memorable incident stands out IT'S ALL OVER NOW but the poutin' . . . or so we gather on the honors or deans lists. Those making the honors list for the last of chagrined students grouped around the marks . . . there is semester, according to a report from always the consolation that it was ever thus . . . perhaps even old Registrar F. Taylor Jones yesterday, Socrates used to give his pupils deltas when they thought they are as follows: Carl Alper, Frank earned betas. Perhaps we should all hie ourselves up to Bennington, home of no marks, no classes, no tests, no knowledge-just the Hepburns in shorts and slacks. (The better to dodge publicity, see.)

> WHICH REMINDS US of some of the interviews we never got. One of said failures being the Bennington-Hepburn debacle. We stormed the fort in our true reportorial manner, demanded to see Miss Hepburn. "Which one?" was the insouciant reply . . . Boy, they had us there, how did we know they had two of them? Apparently both wanted to be alone, anyway, so we dropped them each a note, saying we had come all the way from Jersey just for this big moment . . . and now disappoints . . . We're still waiting for a reply-and anyhow we don't care so much because we saw their pictures again . . . But why should we go on talking about ourself, when Porzio, who has written this column for four long years, never could give himself a single line in all that time. Just imagine how he feels when you dopes see red if your names don't appear once a month . . . so here goes.

MR. PORZIO TAKE THE STAND . . . Is it true that we could never get a thing on your love-life in all these years . . . "I ain't a-sayin'" . . . (We'll try a different line of attack) Is it true that you knew no song newer than "Yes, We Have No Bannas"? .. "Maybe yes, and maybe no" . . . Isn't it a fact that the last movie you saw was "The Birth of a Nation"? . . . "Could be" . . (Now we're getting some place—we close in for the kill) . . . And in whatever measures may be necesisn't it true that Mishkin can beat you at marbles?—Yes or no . . . (Here the whilom editor broke down completely, begged us not to tell anyone, and confessed) "Yes, Jakie beats me every time, but he inches." *

NOW FOR THE NEWS ABOUT NUTS, for those nuts about news, as the space will allow . . . Kellogg is in the doghouse after giving Dick Morgan that big build-up on a Morristown Miss, and the Miss turned out to be more amiss than colossal . . . Clifford Albertson, the frosh oldster, will return to campus two . : . The pitching Mr. Berhman proved short on information when he returned a week early -thinking graduation was to be held last Toosday; nothing like being more oily than oiled, Joe . . . So, Graham (I-slay-'em) McConnell finally confessed how' he got his start in the social whirl. Read all about it in the inquiring reporter—and does the "bishop" really mean \$44.00-we're inclined to think he placed that very important little dot in the wrong place . . . By pony express from the mountains of Jersey a note tells us that "Wild Bill" Turner slays the girls from his one-horse town with his smooth colitch ways. Seems he's the only kiddo out there who went in for this here higher edication-last one went in '76, no doubt. *

FAVORITE STUFF OF THE WEEK . . . for pomes with social Significance we like this touching bit: The golf course was built so close to the mill

That almost every day the children could see the men at play. For silliest lyric in a popular song we pick this lulu from "Please Be Kind" ... "I know my heart will lose its mind." . . which reminds us that Everett DuVal says that song was written for him, and that it is his first affaire premiere . . . Favorite joke we heard on Pick and Pat, they usually scrape the moss off their jokes, but this is new to us. Pat: "Naw I can't go to that party, I'se got a bad case of lumbago." Pick: "Oh, that's all right, Pat, bring it along-we drink anything." . . . All right, so it isn't so funny . . . As a parting shot we have an inside tip that our manging editor is out for big game this summer . . . he hopes to tackle at least one important piece of work these oysterless days, and we don't mean peace-work.

And now for a final bit of encouraging advice to girls with glasses who are never made the recipients of passes . . . says Chris Morley:

> Girls who see they're going to get necked Can always have their glasses checked.

THE COLONEL WILL BE BACK in the fall if he can avoid the squirrels, blonds, brunettes . . . who said we don't have to worry about the last two?

PHILLIPS, HELME, BAGBY WIN TOP SENIOR HONORS

Bello, Raymond Blair, Armando Coppola, Milton Emmons, Arnold Jeltsch, Morris Macovsky, Charles Roach, Walter Sharp, Morris Sklansky, and Ray Stan.

Students fulfilling deans list requirements are these, Clifford Albertson, Grover Bagby, William Bennett, George Blankner, Charles Browne, George Clarkson, Paul Corson, John Cunningham, Theodore Feldberg, Frederick Goehner, Robert Hamilton, Wilfred Hansen, William Hedden, William Helme, Joseph Hough, Dudley Ingerson, Sol Jaffe, Heisse Johnson, Jack Knight, Ugo Lisi, Graham McConnell, Frank Malloy, William Page, Heinz Pfeiffer.

Also, Ralph Porzio, Fred Rosseland, William Rothe, Merritt Sanders, Wesley Savadge, John Schabacker, Jacob Schiffman, Everett Sims, Lionel Truscott, and Robert Williams.

Yearbook Makes Error In Advertiser's Address

The Oak Leaves wishes to extend an apology to Mr. O. Gerlach who apparently is no longer doing business at his old stand at 34 Main Street, Madison, but has moved to 61 Main Street, all unbeknownst to the usually alert advertising staff of the yearbook. We hereby make amends for any errors wrought in haste -and correct them at leisure.

Sorry Mr. Gerlach.

Dean Hough Schedules **Extended Lecture Tour**

Dean Lynn Harold Hough will fill a number of speaking engagements before he leaves for Europe on July 13. Principal among these will be commencement addresses. The first will be at the Portsmith, Ohio high school graduation on June 2.

On June 3, Dean Hough will address the combined service clubs of Portsmith, and deliver another graduation speech in the evening. Sunday, June 5 will find the Dean at the Trenton State Teachers College prepared to deliver the baccalaureate sermon there. And on the Friday of the same week he is scheduled to give the commencement addrss at Friends Seminary in New York.

Oklahoma City will play host to one of Dr. MacRossie's series of summer schools, and the ubiquitous Dean will be engaged there too, from June journey to Iowa to lecture at another section of MacRossie's schools from the 21 to 25 of June. And then he will move up to the summer school at South Athol, Mass., on a four day series from the 28th to the 1st of July.

Breaking up the monotony of lectures, Dean Hough will preach at
