Student Council Discusses Hazing Referendum, Proposed Amendment; Ready Appointed to E.C.A.C. Position

Appointment of a new E.C.A.C. member, announcement of a mass meeting of the student body, and appointment of two committees highlighted the first Student Council meeting of the current term on February 9. It was decided to discuss the hazing referendum and a proposed amendment and to hold nominations for council treasurer at the mass meeting on February 16. Two come-as-you-are parties were arranged with appropriations to the Social Chairman.

Bill Ready, Commuter President* and active athlete, was appointed to the Extracurricular Activities Committee to fill a vacancy created by the ineligibility of George Frazer.

Food Committee

Appointment of Al Shapiro, chairman, Nancy Gullberg, and Larry Sacks to serve as a food committee was made. The committee will discuss with Miss Castile any issues which may arise. Students are urged to consult this committee on any complaints, compliments, or suggestions concerning the dining hall.

Constitution Amendment

A petition to amend the Student Association Constitution was presented to the Council. Bearing the signatures of more than the required 15% of the student body, the petition itself is concerned with amendments to the Constitution. Present provisions call for initiation of amendments either by a petition bearing signatures of 15% of the student body or by vote of one-third of the Student Council. Although the former provision would remain as stated, the proposed amendment would require the Student Council to hold a mass meeting of the student body before drawing up an amendment. Also stipulated in the proposed amendment is the posting of notices of all Student Council meetings concerning amendments one week before such meetings.

Women's Housing Priorities

At the request of several women, a representative committee was appointed by Council President Mastrobattista to consult with (Continued on Page 4)

Frosh Outnumber All Other Classes

After the final spring registration, which ended February 1, it was found that there are 408 students attending Brothers College. These students are classified as follows: 111 freshmen, 102 sophomores, 98 juniors, 77 seniors, and 16 special and unclassified students.

About 9 students were graduated last term and 16 students are attending B.C. for the first time this term.

There is a total of 107 veterans here on some kind of a VA program, mainly the GI Bill or PL 16. This total is slightly less than that of last fall, and there has been an approximate 20 per cent drop in veterans since last spring.

As a note we would like to add that Howard Knight has left us with plans of going to Bloomfield.

Chapel Choir Opens Annual Spring Tour Rehearsal Sessions

Immediately on return to school the Chapel Choir started rehearsals in preparation for the annual spring concert tour. Sir John Stainer's "The Crucifixion," has been chosen for presentation during the spring tour. The reason for this choice is that the concert tour is to take place during Holy Week; "The Crucifixion" was especially written to be performed during the Lenten season. This work is a cantata which deals with the story of Christ's crucifixion. It is narrated by tenor solos, which will be sung by Edwin Lincoln, and bass solos which will be sung by Bob Kneebone and Gene Ephron.

Hour Program

The main body of the choir will, in parts, represent the people, and in other parts supplement the narrative recitations. The whole recital will be arranged to take from forty minutes to one hour, depending upon the wishes of the various sponsors.

The tour itself is to begin on March 31 and continue through April 5. There will probably be two performances a day for high school and church audiences.

Needs New Voices

It would be desirable to have eight sopranos, eight altos, tenors, and ten basses in full rehearsal. However, because of the graduation of Joan Bates and the program difficulties of several students, the choir is at present in need of new voices. If any of the students are interested in doing some fancy singing, put on your best vocal chords and come on down to the Monday and Wednesday get-togethers at 6:30 in Room 101.

W.A.A. Meeting

A special meeting of the W.A.A. has been announced by Anne Evans, president of the organization, for chapel period Thursday in room 120 in B.C.

The meeting is being held to discuss and explain a proposed amendment to the W.A.A. Constitution. The legislation refers to various awards presented by the organization. Voting on the amendment is scheduled for the following Tuesday.

Soph Hop to Climax Tomorrow's Alumni Day Activities; Basketball, Dinners, Talks Planned

Greetings, Alumni!

On behalf of the student body of Brothers College we extend greetings to our returning Alumni.

Copies of the ACORN have been placed at your disposal. If you should like to subscribe to receive a copy of the ACORN regularly, please leave a note in the ACORN box in the mail room in the College Building.

Welcome back, gang—tell us about "the good old days!"

Dr. McClintock 1950 Convention Member

Dr. James A. McClintock, personnel director and professor of psychology at B.C., has been appointed local arrangements chairman for the 1950 convention of the Council of Guidance and Personnel Associations, Inc. Dr. McClintock, treasurer of the organization for a number of years, will be responsible for coordinating arrangements for the convention, which will be held in Atlantic City on March 27-30. His appointment was announced by A. Blair Knapp, national coordinator for the convention.

The Council of Guidance and Personnel Associations is composed of guidance and personnel associations of both industry and education. The American College Personnel Association, to which Dr. McClintock belongs, is one of the "big three" of the fourteen groups making up the Council. The other two large associations are the National Association of Deans of Women, and the National Vocational Guidance Association. These three comprise seventy per cent of the Council's 10,000 members in Canada and the U.S.

Dean Morris, Girls Attend NYU Meet

Dean Florence H. Morris and the Misses Gloria Cammon and Alice Hartman will attend the Conference on Executive Careers in Retailing to be held on February 24 at the New York University School of Retailing. The conference, which will be attended by the students and faculty members from 40 colleges and universities, will give the students an opportunity to meet the personnel director of large retailing concerns, as well as other prominent people in the field.

Each girl will be presented with an orchid and listed on the program, which will consist of a visual presentation on applying for jobs, luncheon, and a tour of Manhattan's vital centers. The girls will also be guests at a fashion show of leading manufacturers.

Drew-Ed Tea, Varsity-Moravian Game, Discussion on Agenda for B.C. Grads

The Soph Hop will climax the Alumni Day events tomorrow. Following dinners, discussions, and a basketball game between Drew and Moravian, the alumni and their guests have been invited to attend the dance in the gymnasium featuring Warren Jacobus and his orchestra.

Delong, Spangler Give Joint Recital For Drew Students

A joint recital was given Sunday afternoon in the Pilling Room of the Library by Mr. Alfred de Long, bass baritone, and Mr. Oliver Spangler, pianist.

The program opened with two renditions on the piano, "Fantasia in C Minor" by Mozart and "32 Variations in C Minor" by Beethoven, by Mr. Spangler. Mr. de Long, accompanied by Mr. Spangler, then sang with great expression, "Hear Me! Ye Winds and Waves" by Handel, followed by the delightful "Now Your Days of Flirtation Are Over," from "The Marriage of Figaro." The serious, moving "At the Cry of the First Bird" by Guion was followed by the gay "The Friar of Orders Gray," by Shield. The first portion of the recital came to a close with "Thou I Speak with the Tongues of Men" from "Four Serious Songs" by Brahms.

Following the intermission Mr. Spangler played "Prelude in G Major" by Rachmaninoff, "Prelude in C Major" by Prokofiev, and "Ballade in G Minor" by Chopin. The humorous parody on a Roman Catholic seminary entitled "The Seminarian" by Moussorgsky began Mr. de Long's second group of songs. He continued with "Whether Day Dawns" by Tschai-kowsky. A group of Negro Spirituals followed. Included were "I Stood on de River of Jordan," the well-known and well-loved "Were You There?" "Hard Trials," Joshua Fit de Battle of Jericho," and the majestic "Ride On, King Jesus."

Both Mr. Spangler and Mr. de Long are on the faculty of the Music Department of Western Maryland College. In addition, Mr. Spangler is a member of the faculty of the Peabody Conservatory of Music. They were introduced to the audience of students and friends of Drew University by President Fred G. Holloway.

Polio Fund Drive

The Service Committee has sent to the Morris County Sports Polio Committee a check for \$65, the result of the collection taken at the Drew-Trenton State basketball game. This contribution for the National Foundation completes this year's quota.

The dance, extending from 8-12 p.m., is under the direction of Arthur Shapiro, Social Chairman of the sophomore class. The entertainment, with "Doc" Walters as Master of Ceremonies, will center around an angel, Sue Goode, and a devil, Don Harsell, meeting fifteen years from now and discussing what has happened to the Class of '32 in the interim.

Alumni Business Scheduled

Alumni Day will open with a meeting of the Alumni Council at 9 a.m. in the Coffee Shop. The Council will review business to come before the Alumni Association and the plans for the Sustaining Fund Drive. Following coffee and doughnuts at the registration desk in the college lobby, the alumni will adjourn to Alumni-Faculty Round Table Discussions. These conferences will be held in the various faculty offices with the purpose of bringing those present up to date on the college.

Progress reports will be made by President Holloway after luncheon at the Madison Methodist Church. Following the reports a brief meeting of the Alumni Association will be held in the same place. The activities of the Association will be emphasized.

Cage Game, Tea Planned

At 3 p.m. the basketball game between Drew and Moravian will be played in the Madison High School gym, and at 5 p.m. the Drew-Eds Tea will be held in Mead Hall.

The Annual Alumni Dinner will follow in the Drew Refectory at 6:20. The program will feature the awarding of the Richard J. Glattly (Continued on Page 4)

Literary Circle Is Planned by Tower

At the latest meeting of the Tower staff, plans were made to organize a group of students interested in forming a literary circle which will convene from time to time to discuss and criticize original manuscripts. The product of this group is to be the Tower magazine, the objective of which is the publication of original works of literary excellence. Such works will include short stories, poems, essays, editorials, and plays.

Organization of the group has been by personal invitation to students known to be interested in literature and creative writing. Others, who have not been personally invited are also welcome to the group. Its meetings will be announced in the mail room. Mrs. Harms is faculty adviser for the group.

Einstein's Field Gravitation Theory Is Explained by Acorn Scientist

Scoops Times, Tribune, News Week, Hobo News

To the average layman, Dr. Einstein's new "Field Gravitation" theory poses a formidable obstacle in the understanding of the physical sciences. For those who realize the importance of this theory, we take this opportunity to clarify the matter.

Based on four primary equations, the entire theory can be reduced to two fundamental statements: Newton's 17th Law — passed by Congress in 1849, and the rule of thumb, which states that on each hand there is one.

Laboratory Work

Assimilating this material, we proceed with the basic theory. Like any good scientist, we must perform the original experimentation. Since very little will be proven, the time ordinarily spent for this performance will be used for undulating the digestive tract with coffee from "Ye Olde Coffee Shoppe." The mathematical computations being too involved for most people, we shall now invent "The Clavius"—a form of mathematical endeavor producing a pain in the neck. Basically, this math consists of two processes—adding 1 and 1 and dividing 3 into 2. Since the 3 does not go into the two easily, we force it. The chipped-off corners are collected and added to the 2 from the first part.

We're Getting Someplace

We may now proceed with the main objective. Going back to William Tell's observations of the falling apples, we must find an open field with one apple tree in it. Climb the tree to the third limb, release your grip slowly. Measure the distance transversed with the right hand rule from the first paragraph.

Conclusions: In every field there is gravity equal to a bump on the noggin.

Rogers House, H. Bowne 1st Open Houses Held

The campus dormitories are having a flurry of open houses. Rogers House started this show of hospitality on Wednesday, February 8 when she opened her doors to all comers. In way of greeting, the second floor bulletin board was decorated as a rogues gallery showing snapshots of all the inmates of the second floor from "Nature Girl" Sorenson to "Axel-Grease" Evans. Those brave characters who made it to the third floor were immediately welcomed to heaven.

Fourth floor Hoyte-Bowne was second in the parade. They held their Open House Wednesday, February 15. Two more Open Houses are scheduled, Faulkner House, February 21, and Madison House, February 27.

Approximately two hundred faculty and students climbed the three flights of stairs Wednesday night to view Drew's traditional "Heaven," the college floor of Hoyt Bowne Hall. The rooms were in heavenly shape, and earthy but tasty tidbits were everywhere.

Pleased with their response to their Open House the boys, under the direction of the new house officers, are beginning plans for their house party to be held March 11.

Soph Hop

(Continued from Page 1)

Memorial Scholarship, the presentation of the alumni portrait of Dean Lankard to the college, and the alumni address by Robert G. Smith, Class of '36.

Hop Committees

Committees for the Soph Hop in the evening have been drawn up. The Decoration Committee includes Alice Clayton and Don Harsell, co-chairmen, Bryson B. Hoff, Anne Dixon, Pat Cruise, Lois Vorhees, Diane Chase, Herb Boyer, Pat De Giorgio, and Marion Fastnacht.

Fred Walters, chairman, Cecil Lear, Betty Aitken, Louise Aitken, and Nancy Meigs are arranging for the entertainment program. Publicity is under the direction of Betty Jane Wenzel, chairman, Blanche Jabitsky, Ernest Honecker, Pat De Giorgio, Harris Blaustein, and Esther Dale.

The Refreshment Committee includes Mitchell Krauss, chairman, Marian Fastnacht, and Nathaniel Whitcomb.

Club Briefs

ACS Election

Recent balloting of members of the Drew Chapter of the American Chemical Society resulted in the election of Bunny Moxon as chairman of the group. Gene Ephron was chosen program chairman with Betty Jane Wenzel as corresponding secretary, and Lowell Kane, recording secretary-treasurer.

Activities of the group will include lectures, films, field trips, and the continuance of the unique program instituted last semester of student-aid classes to aid those having difficulties in their respective chemistry classes.

Chess Club

Travelling to New Paltz for their first match of the term, the Chess team bowed to a well-organized New Paltz team. Drew dropped all five matches, but hope for improvement is held, with more matches this term expected to light the flame of victory.

Psych and Soc.

A joint meeting Wednesday of the Psychology and Sociology clubs heard a talk by Mr. A. M. Tenney. Mr. Tenney, a research psychologist at Lyons Hospital, spoke on Dr. Sheldon's Theory of Somatotypes.

Plan French Club

New plans for a French Club are being formulated. All those interested please contact Kitty Glean.

Spanish Club

At the last meeting of the Spanish Club, John Lawson '50 gave a talk in Spanish about his summer trip to Mexico. The talk was illustrated by beautiful colored slides that John had taken while South of the Border.

Service Committee Movie

Preliminary to the opening of the 1950 Service Committee Fund Drive, a movie, "This is Their Story," will be shown during chapel period, Monday, February 27. The movie is a "World Student Service Fund—UNESCO release, depicting the conditions under which the students of Europe work and live.

Student Council

(Continued from Page 1)

Dean Morris about room priorities in the women's dorms. The committee, June Strelecki of Faulkner House, Anne Evens of Rogers House, Lynn Frank of Madison House, and Leroy Lincoln of Asbury Hall, will attempt to pattern women's priorities after the system established at Asbury Hall.

Mass Meeting

At a mass meeting held February 16, the pending hazing referendum was discussed, the proposed amendment was considered, and nominations for Treasurer of the Student Council were held to fill the vacancy left by George Frazer. Voting will be held on these issues February 23.

Debators Speak on Nationalization in Schedule of Intercollegiate Debates

The debate season officially got under way at the beginning of this semester with Bob Page and Elmer Smith meeting three New England colleges on a five day trip, during which time they debated the affirmative side of the national intercollegiate question: "Resolved, That the Federal Government

Should Nationalize All Basic Non-Agricultural Industries."

There was no decision in the debate with Connecticut Wesleyan, and Drew was defeated by both Harvard and Boston University.

On February 11, O. A. Bartley and Bert Amel attended a New Jersey debate conference at which Drew took the affirmative side and was victorious in debates with St. Peter's and Rutgers, but lost to Newark Rutgers and John Marshall.

On last Wednesday, Bartley and Amel met Seton Hall at home and on Thursday Belsky and Benson took the negative against Seton Hall, away. At Upsala, Mitchell Krauss and Larry Bonar took the affirmative, while in the second meeting of these teams, at home, Philip Secor and Elmer Smith defended the negative side.

Future Debates

On the 21st, Page and Krauss will take the affirmative with N.Y.U., debating on the Washington Heights campus. On the 25th, two teams will go to West Point for a week-end meeting with the Cadets of the Military Academy.

Jayvees Drop Two

Drew's JV's came out with an even break in their two games played last week. Their 41-38 win over Trenton State last Wednesday night reversed a previous setback at the hands of that team, while they dropped a 41-63 decision to Upsala last Saturday.

The Trenton game was one of those close ones which had the crowd in a furor from start to finish. The JV's grabbed themselves a slim lead early in the game and managed to hold on to it throughout most of the game. They led by 2 points at the end of each of the first 3 quarters and managed to up the figure one point in the last quarter.

Ted Canty was the high scorer in the game with 15 points. "Sharpy" Shapiro followed with 8. Shapiro came up with what was probably his best all-around performance of the season in this game and proceeded to put out an even more impressive performance in the Varsity game which followed.

The loss of Shapiro to the Varsity was much in evidence in the Upsala game as Upsala romped to a 63-41 win over the JV's. His presence in the lineup might have helped to make a contest of it. Art MacArthur racked up 15 points and Canty 13, but it was not quite enough.

Drew Dynamos

(Continued from Page 3)

spelled backwards) makes a basket for Drew. There goes the whistle and it's the half—35-2 in favor of the Fillies—the girls pull out their compacts and lipsticks for a re-touch job.

Drew Comes Back

Starting the second half the Fillies receive the ball but on the first pass "Beware-Boden" intercepts and heaves a long pass to "Agile-Annie" who throws to "Roostie." As a Filly guard gives her the hip motion in the stomach Roostie cries out, "Lenny, come here—we need a man!" And so the Fillies gain two more points. But a word must be said about two super-hydraulic guards on the Drew team, personally known as "Vitrilic Visch" and "Ever-ready Edge." With an advantage of size, they have guarded the Filly court throughout the entire game by running under and between the legs of the opposition. This has thrown the Fillies into complete confusion and is proving to be an effective block. Things are looking up for Drew. The girls are fighting and in the last quarter Drew scores 55 points bringing the final score up to 57-42, Drew winning. Amidst shouts and cheers Meiry announces an after-game party at Rogers House. There will now be another fight to keep the men on Drew Campus.
