DREW UNIVERSITY, MADISON, N. J.

January 13, 1958

GALA GYM OPENING, JAN. 25

Drew Choristers Slate Annual Trip

On Tuesday, January 21, the College Choir of Drew University will begin its second annual tour, which will cover various churches and high schools in New Jersey, New York, and Pennsylvania. The trip will also include two pleasure excursions through the Corning Glass Center and Watkins Glen.

Under the direction of Lester W. Berenbroick, the choir will visit the following places: January 21, Methodist Church, Everittstown, N. J.; January 22, Hunterdon Central High School (Flemington, N. J.), and First Methodist Church, (Washington, N. J.); January 23, Tunkhannock High School (Tunkhannock, Penn.) and Clarks Summit High School (Clarks Summit, Penn.); January 24, North Presbyterian Church, Geneva, N. Y.; January 26, Carbondale Methodist Church (Carbondale, Penn.) and High Street Methodist Church (Binghamton, N. Y.); January 31, Methodist Church, Ridgewood, N. J.; February 2, First Methodist Church, Pottsville, Penn. On April 20, the choir will also visit the First Methodist Church of Dover, N. J.

J. Paul Griffiths, '58, will serve as flutist for the program which will include these works: Palestrina's "O Bone Jesu," Arcadelt's "Hear My Prayer, O Lord," Schuetz's "Sing Praise to Our Glorious Lord," Bach's "Jesu, Joy of Man's Desiring," Mendelssohn's "Cast Thy Burden Upon

(Continued on page 3)

NO CLASSES

The Dean's office reminds students that special announcements will be broadcast over WCBS Radio, weekdays between 6:30 and 9:00 a.m. whenever it is necessary to suspend classes for any reason.

Juniors Reveal Weekend Plans; Pick Suburban

By R. T. Foxbury

Gala plans are being discussed by the Junior class for the year's biggest social event, Spring Weekend, slated for May 2 and 3.

The formal is scheduled for Friday, May 2, in the Hotel Suburban, in Summit, from 9 p.m. to 1 a.m. Preceding the dance, the Senior class will hold their annual Senior Banquet in the Hotel Suburban for class members and their guests. As in previous years, the formal will feature the Announcement of the queen and her escort. Elected by members of the student body, the queen will be a member of the senior class, while her attendants will be five juniors or seniors.

Although there aren't any specific plans yet for Saturday afternoon, the informal will definitely take place Saturday night, May 3, in the new gymnasium, from 8:30 p.m. to 12:00. The bands for the weekend have not yet been selected; entertainment is being planned by the Social Committee.

THE ALMOST COMPLETED PRODUCT of nearly a year's construction work is this new gymnasium-auditorium-natorium, due to open January 25. The modern structure incorporates the use of cinder-block, brick, and glass, and was built at a cost of over \$900,000. See story below and also the special ACORN photo feature on its growth, page three. (Photo by Green)

New Gym Inspires All-University Fest

The new gymnasium-auditorium, Drew's first all-university building to be constructed in almost twenty years, will be opened officially on January 25. A dinner will be held in the gymnasium on the 24th, and the edifice will be opened to observers on the following two days.

The Board of Trustees will dine in the gymnasium on Friday, January 24, at a special gala opening dinner. President Holloway, and Deans Anderson, Hopper, and Withey, of the university, will be present along with Representatives of the faculties of the university and representatives of the alumni, the student bodies, and the friends of the university. The student body of the College of Liberal Arts will be represented by the president of the student council, Charles Straut. After dinner, the guests will tour the new building.

No formal program is planned, but President Holloway may deliver some informal remarks on the new gymnasium.

The gymnasium will be open on January 25, from 2 p.m. to 5 p.m. to members of the university community only. This includes the faculty, the administration, and the students of Drew. Outsider will be allowed to view the building on January 26, from 3 p.m. to 8 p.m. Invitations to the Sunday open house will be sent to the parents of all students. Students wishing to have invitations sent to someone outside the university other than a parent should see Mr. Richard Morgan, in Mead Hall.

It is anticipated that the new gymnasium will be available for classes on Monday, January 27, the opening of the spring semester. All students are urged not to enter the building until its opening on the 25th, as construction is still going on. Some damage has already been done to the edifice by curious spectators.

The first major athletic event to be held in the new gymnasium will be a basketball game against Towson Teachers College of Maryland. Seven other home basketball games will be played in the gymnasium in February. The fencing squad will meet Brooklyn Polytechnic College

(Continued on page 2)

On behalf of the student body, the ACORN staff wishes to express its sincere sympathy to Dr. Robert Schultz, on the death of his wife.

Dr. Tappin Lists Regulations For New Building

Dr. Warren Tappin, Drew's Director of Athletics, has issued the following regulations concerning the use of the new gymnasium.

1. No smoking will be permitted on the premises except in the main lobby.

2. Only persons attired in clothing prescribed by the Physical Education department will be permitted to use the gymnasium floor.

3. All persons must dress in the locker rooms when using the gymnasium.

4. A lock and key system will be charged all students and faculty members using the new gymnasium. The nominal charge, on a semester basis, will be determined later.

These regulations are similar to those in force at other college gymnasiums and have been formulated in the interest of sanitation and lasting beauty in the new building. Their observance will benefit both present and future members of the Drew community.

"THE DRAGON STOMP SIX PLUS TWO" is the newly adopted name of Drew's dixieland dance band, caught wailing in the above short during one of their Monday night jams. Members (l. to r.) include: S. Eddy, E. Vorhees, N. Clement, J. Richardson, J. Clark, L. Williams, and T. Pickens. P. Cain, and D. Dreyer were absent. (Photo by Green)

EDITORIALS

A Dream, Fulfilled

A long awaited dream of all those connected with Drew University is fulfilled in the completion of the new auditorium-gymnasium. Festivities in connection with its formal opening will take place on the weekend of January 24 to 26. The trustees and representatives from the faculty, alumni, and student body will take dinner in the new building on Friday evening, January 24. The University community will hold an Open House on Saturday and the public will be invited on Sunday.

How wonderful it will be to have our entire sports program on campus! We will no longer need to borrow the High School gymnasium for our basketball games and we will have a regulation size swimming pool instead of a teacup for our water sports.

We feel that the architects have done extremely well in the design of the building and that it will be a gracious place for many of our major events such as dances, convocations, and Commencement exercises. For the first time in recent history it will no longer be possible for our Commencement to be "rained out". We will be able to seat nearly 2,000 for such special events.

Our thanks go to all those who have contributed to make possible these fine facilities at Drew.

Fred G. Holloway

Shall We Park?

The recent snowfall inconvenienced many motorists, some of them here on the campus. They were forced to leave their cars parked in violation of the rules, and received tickets for their trouble from our Parking Commission. There were no reported offers of help from any of the Drew truck drivers, and one eager-beaver officer was allegedly out giving tickets at 6:30 A.M. on Wednesday.

In the matter of the too-frequent and exorbitant \$2 parking tickets, it would seem as though the authorities ought to "Temper their justice with mercy." There is no room for zealots on the Drew Parking Commission.

C. B. L., for the Editorial Board

"Hapless Harem."

Henry VIII firmly believed that variety is the spice of life, and he put his ideas into practice. But the Drew community sometimes avoids this interesting, if decadent, philosophy, for no apparent reason.

The classic example of regularity on the campus is the dining hall. As the weekly menu keeps repeating itself, we know what to expect, but for the various solo and unison noises accompanying the meals we can thank only ourselves. As the rarely melodious strains of "Happy Harem" or "We are table number one" float through the hallowed halls, how do you feel? Amused? Annoyed? Appalled?

Whether there are any jingles more trite and hackneyed than these, we don't know. But they are the ultimate in childishness, the kind that predominated back in grade school. We respectfully suggest that rather than constantly raising our voices in song (?) or assisting various coddles to a seat on the mantle, we might try to stimulate a little intelligent mealtime conversation or promote the installation of music by Musak.

Uninhibited singing is fine in rock 'n roll and the Original Amateur Hour, but we're supposed to be adults; let's put away childish things.

Over A Coke

by Jack Kingston

Small talk need not be small. For 1957, Time picked Nikita Khrushchev as "Man of the Year." So did he. In interesting contrast, last year, the '56 "Man" was the Hungarian Freedom Fighter.

One other man nominated by readers was Jonas Salk. Yet, unused stockpiles of his vaccine are about to be destroyed due to public disinterest during polio's slow winter months. Surely the three-shot insurance for polio is worth the money and the time. Between semesters would be a good time to start the series to have all three by summer.

The campus should be congratulated for showing their sense this year in the Christmas Carol Contest. With one exception, each competing residence showed both taste and quality, and also remarkable reverence for the season and its hymns.

How is it that the small dorms won the college prizes? Apparently there is after all a place even at Drew for the unified spirit in the informal fraternal atmosphere of these houses.

Probably formal Greek letter organizations would not be good, but they obviously have value as they are.

But enough of small talk. It's coffee shop closing time and they want the coke bottles back. It's a good thing today isn't Saturday because then the place is closed all day. That's too bad.

CAMPUS COMEDY

PEASANTS ARISE!!

All students interested, or even curious, about a career in journalism should consider enrolling in ADVANCED Composition for this coming semester. The course, under the professorship of Dr. John Bicknell, will take up some of the more important aspects of journalism.

CAMPUS PERSONALITY

Ronnie Copeland

By Joyce Samohel

Who is that girl who works behind the Main Desk in the library? I asked her about finding some books. She stopped her work, peered at me over her glasses with a horrified look on her face and said, "What did you say?"

"I happened to be eating dinner one evening at the same table with her. The conversation

was brisk and I thought that we were becoming friends. Someone asked me for the sugar and I wouldn't give it to him right away. Suddenly, she sassed her head, glared at me and at every loudly and imperiously, "Dr. man, pass that sugar!"

—Now confusion reigns!

—Yes, there are many students who are confused by this apparent dualism in her personality. Let's sum it up this way: The professors respect Marion—Everyone enjoys Ronnie!

Ronnie Copeland (Portrait by Green)

there on February 1. In addition to college varsity and intramural sports, Seminary intramurals and varsity basketball will be played in the new building.

The gymnasium, which is the first all-university building to be erected since the Rose Memorial Library was completed in 1938, will also be the scene of an all-university convocation in February. The convocation, scheduled for Tuesday, February 18, at 11 a.m., will commemorate the ninetieth anniversary of the granting of the Drew charter. Convocation proceedings will include an academic procession and a speech by President Fred G. Holloway.

—Hmmm. yes. Her name is Ronnie. Ronnie in short—

Dave Joslin

by Herbert Yeager

Have you ever met an irresponsible, unpopular, unwholesome, stupid person? If not, you should meet David Joslin, or, as he is more appropriately known, "Jos". "Jos" is the only "Jos" there has ever been or ever will be. They just don't make "Jos-type" people. Can you imagine he holds only three responsible offices on Drew campus, namely treasurer of the Student Council and the ECAC job that goes with it, Chief Justice of the student court, and House father of Faulk-

Dave Joslin (Portrait by Green)

ner House. It must have been a miscount that elected him one of the three princes at the Fall Weekend.

have paid the professors to get on the Dean's list. Marriage to a goodlooking, intelligent girl in June must certainly be a charity on her part. The ministry via Drew Seminary starting next year shows he at least has the qualities of determination and spunk. During the summer Joslin puts in time with the seven-up company, who, oddly enough asks him back year after year. Dr. Brunhouse hires history major Joslin during the school year

(Continued on page 3)

A LONELY WALL, freshly marked by a "1957" cornerstone, stood high above the confusion of construction late last June, as the new gymnasium-auditorium-natorium started to grow under the rays of a hot summer sun.

Twelve Take Church Posts

Drew Fellowship and the Student Church both elected recently a new slate of officers for the coming year.

The Student Church Board added four new members: Nancy Easter, Jim Grace, Sandy McDonald, and Ginger Webber, whom the student body elected as chairmen of the Worship, Fellowship, Stewardship, and Outreach Commissions, respectively. The Board has made Paul Abels a co-chairman and Joan Patchen a Secretary. Committee chairmen have not yet been appointed.

In Drew Fellowship, Elaine O'Malley will serve as a co-program chairman, with Martha Pierce, Spencer Eddy, and Luddy Capel serving as secretary, treasurer, and publicity chairman in that order. Lynn Chapel and Barbara Bargabos will head the refreshment committee. The Drew Fellowship members elect their own officers.

Drew Choristers

(Continued from page 1)

the Lord," and Christiansen's "Beautiful Saviour."

Also included will be Tele-mann's "Sonata for Flute in F Major," Ippolitof-Ivanof's "Bless the Lord, O My Soul," Lvovsky's "Hospiti Pomiloi," Tchaikowsky's "Praise Ye the Lord," Bach's "Adagio and Allegro, Sonata No. 4 for Flute," and the old English airs, "Drink to Me Only with Thine Eyes," "Aura Lee," and "Stars of the Summer Night." Also, the choir will render several spirituals.

Dave Joslin

(Continued from page 2)

as his student assistant. Of all things to like, besides Playboy, Mad comics, and westerns, this character likes old cars and sports cars. He can rebuild a motor, or tell you what's wrong with your car when it won't start, but what good's that? The funny thing is, for some reason or other, everyone likes him. If you don't get the point by now, just meet him. I think you'll see what I mean. By the way, the soon-to-be Mrs. Joslin is a home economics major who likes to sew and make special home cooked meals, so you must admit, this "Jos" is clever in his designs.

Welcome Towson

A "Welcome Towson" will be held in the College Lounge on February 1 following a basketball game in the new gym. The "Dragon Stompers," Drew's dance-combo, will supply wild music for the affair, along with the "Purgatorians," who will supply entertainment.

Frelinghuysen Speaks Jan. 31

The Honorable Peter Frelinghuysen will speak on January 31, at 8:30, in the Mead Hall Social Room. Rep. Frelinghuysen, a resident of near-by Morris-town, is an oft-times mentioned candidate for the U. S. Senate.

Rep. Frelinghuysen will be introduced by Pres. Holloway, and will speak on "Congressional Decision Making". He will point out many factors which influence a member of Congress when he is making a decision. Particular reference will be given to these factors: pressure groups, party policies, constituents, the administration, fellow members of Congress, and the Congress-men's own moral convictions. All students are invited to attend.

AS THE SUMMER PROGRESSED, construction showed rapid progress. Huge laminated arches were added, giving support to the brick and cinder-block walls which painters had splashed with modern blue, red, and green colors.

Kappa Pi's View Exhibit

Members of Kappa Pi, the art fraternity, and several other upper level art students visited the Metropolitan Museum of Art in New York City recently with Mrs. Elizabeth Korn, head of the art department.

The main interest of the group centered around the newly opened wing of American art, about which Mrs. Korn lectured as they toured the halls. The group then divided to cater to their individual artistic interests.

The trip ended with a buffet supper at Mrs. Korn's home in Hoboken. Mrs. Korn showed and explained many of her paintings and some of her preparatory drawings, which the group discussed.

FINISHING TOUCHES did not come until late November, when plate glass and sound-proofing were added, and the spacious pool was tiled. Over-all length of the building is 215 feet, and the width, 183 feet.

Examination Schedule

Monday Morning, Jan. 13:
Math 107 Calculus B; Math 143 Modern Algebra; Pol Sci 105 Evol. Soviet State; Soc 1 Intro Anthropol.

Monday Afternoon:
Chem 115 Bio Chem; Econ 121; Eng 10 Intro West Lit; Eng 123 Amer Lit to Gold; Day; German 105 Intro German Lit.

Tuesday Morning, Jan. 14:
Fr 1 Elm Fr; Fr 3 Inter Fr; Ger 3, Sect II Inter Ger; Mus 109 Music Roman Pd; Span 1 Elem Span.

Tuesday Afternoon:

Publicists List Posts; Cole Cops Editorship

New ACORN editors for the 1958-59 school year were named today by the Publications Board.

Donald Preston Cole, presently Editor-in-Chief of the college newspaper, will serve as ACORN Editor again next year, assisted by Clyde Linsley as his Associate. Mr. Linsley's present tasks as Sports Editor will go to Reid Morrow, who will serve as Sports Assistant. The job of Co-News Editors will be assumed by Alice Chiariello and Nancy Marshall, who are replacing Grace Onderdonk and Llew Pritchard. Ed Vail, Judy Smith and Carol Neiderhofer will retain their present posts as Circulation Editor, Layout Editor and Copy Editor, respectively. Maurice Green, currently serving as Staff Photographer, will relinquish his duties to Bill Evans, who previously acted as his assistant.

Classicists Create Club

Students interested in Latin and the ancient world have recently formed a Classic Club, with Dr. Sherman P. Young as their adviser. Elaine Price is the new club's president, with Lori Philibert as secretary, and Alice Chiariello as treasurer.

At their last meeting, a Christmas party, Dr. Young spoke on the Roman custom of giving gifts. In April or May the club is planning a trip to New York to see the "Westside Story," a production resembling an ancient Greek Drama.

The organization also plans to attend a meeting of the New Jersey Classical Association at Montclair in March. Other events include the showing of slides of Rome and possibly, a guest speaker. Dr. and Mrs. Young have invited the group to their home for tea for the group's final meeting.

Successors in the positions of Features Editor, Chief Typist, and Exchange Editor were not named by press time.

Members of the Publications Board, a student-faculty organization, include: Dr. Paul Obler, Dr. Allen Weatherby, Ed Zgalich, Don Cole, and Llew Pritchard.

Mr. Cole's staff will begin their duties at the start of the Spring Term, and will complete them in January, 1959.

The selection of publications editors by the publications and their board is in accordance with the new Student Council Constitution.

Slate Jan. 26 DU Concert

Kees Kooper, violinist, and Mary Louise Boehm, pianist, will give a recital in the Pilling Room on Sunday, January 26, at 4:00 p.m. as part of the Drew Concert spirit. Both artists have made many appearances on the concert stage both as solo and duo performers. Mr. Kooper was also a member of the first violin section of the Amsterdam Concertgebouw Orchestra.

The duo will perform, among other works Handel's Sonata No. 4 in D, Two Melodies by Prokofiev, and Bartok's Rhapsody No. 1. In addition, Mr. Kooper will be heard in a solo performance of the Sonata for Violin Alone by Hank Badings, a contemporary Dutch composer. Miss Boehm will also be heard in solo performances of piano works by Chopin and Ravel.

READY FOR THE JANUARY 25 OPENING, the new building incorporates many large-school gymnasium facilities. Along with the main gym and pool wings, there are separate hand-ball courts, three offices, huge locker areas, dressing rooms, and several multi-purpose rooms.

Tuesday Afternoon:
Chem 103 Anal Chem; Econ 116 Labor Management Rel; Lat III Roman Hist; Mus 8 Hist of Mus; Phil 107 Hist of Anc & Med Phil; Zoo III Bio Tech.

"DREW FENCERS FOILED BY NCE, 15-12 RANGER COURT QUINTET BOWS, 75-66"

STEVENS AND PACE DEFEAT "RANGERS"

In the last game before the Christmas holidays, Drew played host to a strong Stevens Tech quintet in the Madison High gym, and bowed to the superior visitors, 58-39. The first half was a seesaw battle, and the Rangers looked sharp as they went off the court at intermission behind by only two points, 26-24. But early in the second half Stevens spurred for 18 points while the Rangers picked up only six, and their accurate shooting gradually widened the gap to the final 19-point bulge. Jack Dempster led the home forces with 15 points, followed by Beckwith (11), Stelger (10) Hayward (2) and Sorensen (1).

On January 7, Drew sent a skeleton crew to meet Pace College in the St. Francis College gym in Brooklyn, as a combination of weather conditions and injuries kept Bill Stelger, Dale Sorensen, Ron Salderini, Fred Klaucke, and Dave Fults out of action. In the first half the hosts posted an early lead of 8 points, and the Rangers rallied to lead by four. Then Pace spurred again to close out the period leading 48-36, with the scoreboard showing 21 points for their star guard, Edelman. After intermission the Rangers began narrowing the deficit, but at the final buzzer they were still five points short, 75-70. The Rangers scoring: Beckwith 25, Dempster 17, Hayward 11, Headley 2, Riordan 8, Sadoff 4, Smith 3.

Editor's Corner

Another chapter in the extra-curricular life of Drew will begin a week from Saturday, on January 25, as the new gymnasium is officially opened to the Drew community. We are all aware of the facilities that will be available for swimming, handball, volleyball, badminton, weight lifting, basketball, and all of the Varsity games and meets, but the building is all the more important in that it will answer the prayers of the Foresters, the Mixed Chorus, the Social Committee, and all those people responsible for University meetings and functions.

These new facilities will benefit all of us, and so just as we are collectively involved in all the other phases of University life, we must all accept the responsibility of using the new building in an enthusiastic but careful way, to insure its lasting beauty and utility. And as the new era in athletics gets under way, let's make our first responsibility the wholehearted support of the Albert Ben Wegener Scholarship Game, on Saturday, February 15. The Alumni, parents, and friends of Drew will all cooperate to help us increase our scholarship fund, and student support of the game ought to be 100%.

REMEMBER-

B-Puppies Stumped- Solar Lenses, Anyone?

The Drew University Varsity Centrifugal Bumble-Puppy Association announced today the official team members for the coming season. Those passing the rigid physical examination and the written final examination qualified for team standing.

For the unathletic few who have not as yet witnessed Bumble-Puppy the rules are as follows:

Players from two teams assemble on the Bumble-Puppy field and form a circle about a cylindrical centrifugal bumble-puppy machine. This machine stands nine feet high and is powered by solar energy. The player selected as Doppler Data Digitizer throws an eight inch ball (called a round) into the top of the machine. The round drops onto a spinning centrifugal disk in the base of the machine, and is hurled out of one of the nine holes in the side of the machine. The round is caught and run past the perimeter of the field (the feather line), fifty-five feet from the machine, before the carrier is tagged. Passing is permitted, as is passing out or lying down.

Obstacles such as water traps, sand traps, barbed wire, and/or snake pits may be built to add color to the game. However, the CBPL Obstacles Committee has ruled that this is optional. A round which is run or thrown past the "feather line" scores a point. The point scored is called a "feather." There are three points per inning in a Bumble-Puppy game. If the round is not caught and the player not tagged, then a leather is called and the round is thrown again.

The Bumble-Puppy field is divided into four imaginary quadrants, center flap, right flap, left flap, and far flap. The beer cooler is the basic point of reference and is located in the center flap. Indiscriminate substitution is permitted.

The positions on a regulation Bumble-Puppy team are: Right Bumble, Left Bumble, Right Puppy, Left Puppy, Center Centrifugal, Alternate Center Centrifugal, Stinger, Doppler Data Digitizer (scorer), and Beer Bearer. In addition to these positions, a regulation team may also include a Right and Left Scoffer. The Scoffer is an individual who doesn't believe the game can be played and stands on the far side of the far flap.

The Drew Centrifugal Bumble-Puppy Team members are: Right Bumble, Clyde Lindsley; Left Bumble, James Mintz; Right Puppy, Jon Ashby; Left Puppy, Lillev Pritchard; Alternate Center Centrifugal, Timothy Graham; Center Centrifugal, Jess Castile; Stinger, Nikol French; Doppler Data Digitizer, Mary Ellen Crawford; Beer Bearer (water boy) Janet McCarthy; Right Scoffer, Hastings Swydan; Left Scoffer, Don Cole; Manager, Mr. John Borden.

The Bumble-Puppy Association meeting in caucus have announced that honorary team positions have been conferred upon Dr. Paul C. Obler, Right Scoffer; Dr. H. Jerome Cramner, Left Scoffer.

The Drew Bumble-Booster Club President, Jody Dela Cera announced that the club is sponsoring a project to purchase solar lenses for the team.

By CLYDE LINDSLEY

On Saturday afternoon the Engineers from NCE spoiled the opening match of the Ranger fencing squad, as they took an early lead in bouts and hung on to win by a 15-12 score, in the final match for Drew in the old gymnasium. Bill Blair and Rand Castile opened the match with victories in Foil, and after the first round Saber bouts the contest was even. But after Mike Rifkin's win in the first bout of Epee, Drew lost six straight bouts to fall behind, 9-4. Jim Ford's victory in the second round of Saber and wins in Epee by John Richardson and Bob Bossdorf made the tally 11-7. Bill Blair got Drew's only victory in the third round of Foil to make the score 13-8, with NCE needing only one more bout to close out the match.

At this point the Ranger bladesmen stiffened and kept victory hopes alive as Andy Dykas, Jim Ford, and Maury Green all won their Saber bouts to make the score 13-11. Mike Rifkin won the first Epee bout. Then John Richardson, faced with a clutch situation

similar to one last year in which he was victorious, fought gamely before going down to defeat to clinch the meet for NCE. Bob Bossdorf lost the anti-climatic final bout. An item of interest was Maury Green's first bout, in which he met and defeated his younger brother Harold, his opposite number on the NCE Saber squad.

SENIORS AND FROSH TIE IN INTRAMURALS

The first half of the Intramural Basketball Schedule finished on Wednesday, January 8, with the Freshmen tying the Seniors for first place. Both teams have 7-2 records, with the playoff game on January 9 as this issue goes to press.

On January 6 the Freshmen beat the Seniors in a key battle, 36-25. One of the telling factors leading to their victory was the Frosh ability to hold Buddy Babkowski, the league's fourth high scorer, to only one point. The Class of '61 utilized a decided height advantage which culminated in 24 points out of 36 by their three tallest players, Howe, Gasserude, and Poultney, all about 6'4".

For the Seniors, Dewey Lonnstrom came through in his usual fashion to tally 10 points. The Class of '58 showed poor ball-handling for the first time this year.

On January 8 the final games in the first half were played. In the first contest the Seniors beat the Sophs, 36-19. Miller and Lonnstrom led the winners with 12 points each; Kingsley topped the Sophs with 10.

The Juniors, after Mondays initial victory, could not make it two in a row as they lost to the Frosh, 33-19. Gasserude and Poultney led the winners with 12 apiece.

The first-half scoring statistics;

Lonnstrom	121	Poultney	62
Ogden	77	Rathjens	57
Gasserude	74	Straut	49
Babkowski	67	Lindsley	47
Kingsley	66	Dreyer	47

But after Beckwith committed his fifth personal foul Drew could not keep up the pace, and NCE increased its margin to the final 75-66 score. The Ranger scoring: Hayward 19, Beckwith 15, Dempster 12, Stelger 10, Headley 3, Smith 2, and Sorensen 1.

Freshman intramural team which tied for first-half crown. Front row, Sheldon Steiner and Andy Woodcombe. Back row, Coach Ron Salderini, Paul, Gasserude, Dave Poultney and Bob Howe.
