

Faith Cure

How I Found the Christ Healing

PUYALLUP, WASHINGTON, 1897.

These memoirs are truthfully dedicated to my two adopted children, Ethel J. and Rollin Adelbert Stowe, and to all admirers of practical virtue in Woman as first cause or God of all Life, which alone produces ever-present truth, or Christ in Nature's Mother as first cause of all Organic Life in Mental Truth.

The author of this truth was born April 15, 1852, in the town of Heath, Mass. My ancestry being of Royal Renown, or noted for honesty and virtue, which constitutes a Jesus Christ or a teacher of Nature's Truth. Col. 4-11 says Jesus is called Justice. Ex-Governor Marcy, of New York, and the Watruses on my father's side, and the Bells, Careys and Hon. Chas. Sumner on mother's side. My mother's name was Luana Sumner, my father's Wm. Grosvenor Marcy. By Royal ancestry I mean honesty and total virtue, which is the only principle or Mental Immortality in Woman as first Creative Principle or first cause of Organic Life of the highest order of the species. The first Truth to be honored today is that Virtue total in Woman is Immortal Truth or the Virgin Mary or mother in Nature and justice in Joseph says in conscience, "Fear not to take unto thee Mary, or a virgin girl. For she has perceived that Jesus is justice and is interpreted Good with us." And this perception is the Holy Ghost or heavenly mind or whole mind or air is pure mind of total virtues in mental construction or motive, then total virtue in woman perceived that Jesus or the teachings of Ruth was, is, and always will be "good with us," or Nature's Mental Science between parents to produce natural virtuous children. Hence, there is no vice, only a violation of mother's total virtue. Matt., 1-28. And justice in man honored these virtuous women's lives as Nature's Truth or Ruth. After 4,000 year's experience from the flood of ignorance or amorosness, the stone manuscript produced as the highest stars to be Joseph sold into Egypt as the seed or thought of Sarah and Abraham, or he was told to walk before Almighty God (Sarah) and be there perfect, or Abraham obeyed Sarah and it was counted unto him for righteousness, hence his child did not have to be circumcised, for they lived together as brother and sister. A good mother in total virtue is

is God of all Life, and individualized good is the only force of thought in Nature's truth. Virtue total and Creation by the pair. Gen. 1st. Multiply after their kind in virtue is true creation and 2x1-2, and it is truth we all originated from one woman, A-Dan, not Adam, a man, but woman as first cause of all Organic Life in form. Gen. 1st says all was made very good, and Joan said her works were finished from the foundations of the earth, but when the organs are violated or the tree of life touched in the midst of the garden, "Thou shalt surely die, or the thoughts of good and evil came by the disobedience of the first chapter of Genesis or violating Positive Virtue." We may eat of sex or opposites, then said I was afraid and hid myself. Then begins the so-called fall of man or woman. After the first disobedience the brain is robbed, and we have followed the Allegory of the rib taken out of man's side to make woman or delusion until we are utterly degenerate, and don't know that positive virtue in mother is God of all life, then comes the birth of Cain, when we call A-dam a man into control over woman instead of Madam having his self control in positive virtue and Eve or darkness of thought veils the earth (womb) or nature violated, and Eve exclaims, "I've gotten a man or (mind of good) mind from the Lord, and he slays his brother (or mother, man commits incest with his mother really) hence a violation of Nature's All Good in mother or total total virtue says God or mother is a murderer, and she holds laws of death over her child to overcome the law of Life, for Life is Eternal Light, and never goes into the ground only to be compressed back to speak to speak to all, I am eternal mind or total virtue, or we can be made to believe that body controls mind instead of total virtue controls substance not matter. Matter or disease performs the same office as the decayed apple namely fertilizers.

SECOND CHAPTER.

When I was six years old my grandmother used to read the Apocrypha to me, and my father always had family worship (of a personal God instead of worshipping the Word of God or Bible) every mornidg. I was learned the Ten Commandments, Lord's Prayer. The books of the Bible and my grandmother's Bible had the s's printed like the f's. My mother's Bible had a picture of the Devil and a chain and key in a man's hand, and the fire and brimstone or flames. My mother would tell me if I read the Bible and did not practice it, God would not hear my prayer. She told me God was GOOD and God was LOVE, and God was all powerful. One day I had been greatly tired in caring for my infant brothers and sisters. Mother scolded me and said. The Devil would destroy me. She had created great fear in my mind of hell and the Devil, and I said to her if God is all powerful why don't he kill the Devil (Do Evil) and drive him out of the world. Suffice it to say I have got him killed for myself by read-

ing and practicing Dear St. Joan's rule for 40 years. Good thoughts are not tempted neither tempteth they any one; against such there is no law. Now instead of praying to a personal God fraud I live the Bible Truth or Golden Rule, and "in the beginning was the works of Nature, and the work was with a good woman and her words are God, and she is God of all life compounds or good is the only mind to construct life in nature for all (not God and Devil) but Good is all, and mother being first self-congealed in nature's compound virtues. The work or word to express work went out of her and healed them all or made all whole, for it is the first Positive Truth to be mentally instilled to all that mother was first cause of life, and her thoughts make perfect bodies and acts, for the thoughts always precede the act a time to change the act, and evil is a violation of good in our mental realm. At the age of two my arm was broken, at three my apron caught fire from a lamp. My mother would hold laws or thoughts of destruction over her children, and, like all others, reap what she sowed. When I was six years old the scarlet fever took my brother younger than me, and my mother's second child died at the birth of the third one, and when my mother took the three live children to the graveyard on Christian Hill, she took me by the hand and said: "Did God make me to bring children into the world to fill the graveyards?" David said: "Shall I give my first born for the sin of my soul?" My thought was this, as I had learned in one of the Ten Commandments, "Thou shalt not kill." Surely God did not kill those sinless children, and if God didn't who did? I was thus early confused over my mother's teachings of the Bible. At eight years I had another little sister taken away with cholera infantum. When the family doctor said she could not live I said to him: Why can't you cure her, he said. It is better for her to die and God to take her than for her to suffer. I met his argument with this: Does God make her suffer. I would be a better than that. I said: Can't God cure her. He sent me to my father who was weeping. I said, Pa, can't you pray to God for her. His reply was, you go and pray. My teachings had been that what we asked God for he would give us. I prayed in vain, and in two hours she was dead. I loved the child, and neither God or the doctor could save her, nor my prayers. I was almost angry, for all their theories had proved ceptive. I said to my mother, why did not God answer my prayer? Mother said, perhaps I was not good enough. I had read the Bible (Book of Nature's Virtuous Phenology) a great deal. She said if I read the Bible and did not practice it God would not hear my prayer. Then I would try to be just as good as I could. One day in June I had a great many trials caring for my little brothers and sisters. Mother had scolded me a great deal (my cares were too much for so young a mind). After I had got the little ones to rest, I went to the buggy, took the robe, laid down under a cherry tree in a bed of roses in the

twilight. I felt sad and friendless. My mother had learned me the little rhyme,

"God is everywhere.
In the sun, the moon, the sky,
On the mountain wild and high,
In the thunder, in the rain,
In the grove, the wood, the plain,
In the little bird's that sing—
God (Good) is seen in everything."

"God is light," or reveals the objects for us to compound in "Love one another," to sustain Life Substance. I had been taught a man personal God finite and limited. I said in my lonely heart, I have done the best I could, and you know it, God. Come and show yourself to your little girl. But no God came, only the self-consciousness of having done the best I could. I was controlled wholly with fear, and at times it was so great I was almost paralyzed. At eleven my parents moved to Iowa, and in a little more than one year my two brothers, 15 and 10 years, were taken away with diphtheria. A sister came very near dying, but I never had a pain. The old doctor would say to my mother: Her pores were closed up; she can't catch a disease. When the fact was I had such a high law of benevolence and preservation for others I had no time to think of myself. My father's horses ran away with us soon after my brother died, but a kind providence saved our lives. My brothers both died in one day and were buried in one grave, and here I had another chance to prove the Personal God fraud. My oldest brother died at 1 o'clock p. m. Then my father prayed such a prayer I never heard for God to spare my younger brother. In six hours he was gone. The neighbors were very kind and full of human sympathy, and the minister said to mother: Be comforted: this is God's will. Yes, 'tis God's (mother's) will to dissolve the body when we get so ignorant (or degenerate) of the mind of to virtue in mother is God of all life, and we will hold thoughts of destruction on the body instead of construction, which is Nature's Truth. Our U. S. laws are built wholly upon destruction, as our condition today show us. After the watchers had gone away the morning before the funeral I was called to watch a short time at daybreak. The sun rose and was very red. I looked at it with the thought of God being in the Sun, and I said in my heart: God, if you have this I don't like you. My heart was broken. I remembered of hearing a minister preach from this text: The wind bloweth where it listeth and ye hear the sound thereof but canst not tell from whence it cometh nor whether it goeth, so is he that is born of the spirit (of a good mother). Under my bereavement and disappointment I could only be patient, and try to be as good as I could, but I never had

this disease, or in fact any contagious disease. Adultery after marriage is the cause of all diseases crime or pain.

THIRD CHAPTER.

A mysterious phenomena in 1865, the year Lincoln was shot. When Lincoln lay dying I had another test of the Personal God hallucination. We must remember Mr. Lincoln was entreated to go to the theatre against his wishes, and like King Solomon. Outlandish woman were his downfall. When we violate a true conscience we suffer for every violation sooner or later. One nation held a day of special prayer for his recovery. My father came home with faith to move a mountain, and said Lincoln will go through. The next morning a neighbor rode past and notified us that Lincoln was dead. The Sermon on the Mount (Matt. 5) can never cause death, but violated we are our own suicides. You may despair and confusion, at such deception. When the Bible taught is, "Whatsoever we would ask in my name (Good) it should be done, but my name never made a law in opposition to a perfect cause to produce a perfect effect. Nor did Nature ever make a theater or a place to tempt us to selfish pleasure. Deny thyself is Truth, and never was or never will be a part of truth or civilization. We were given a higher intelligence than to put our hand on the hot stove, then wait for Nature to heal it. The ones who encouraged war were murderers and always will be, but so long as children are forced into the world by brute force so long will we have more than two created by one pair, for to multiply after their kind is by the pair. More than this is an error, hence our degeneracy is waste energy.

In June, 1865, I, with five of my friends, was out in a frail boat on Clear Lake, Minn., when a storm arose, and we must either drift across the lake, driven by the wind or face it was impossible. We girls took the boys' straw hats and bailed the water out from the boat, while the boys tried to face the wind with two oars. The wind was terrific. They knew I was a Christian. They were white with fear, so was I, but they said, "Emma, pray." I simply said: "God (Good) help us." In a minute it was still, and we got to the shore safe just as the storm broke in great fury. We all knew it was in answer to prayer, but how it was done we could not tell. The parties on the shore never expected to see us or the boat, but the lady said to me as we got to the shore: "God saved you." If Good is the only law to combine the elements then there can be but one law of gravity in life, and that preservation, and woman's prayer desire must be compound construction of the chemicals in organic form and unity in the Omnipotence over a Good Mind or Wind. "Good fills all space." When we are all united in total virtue or all the virtues in nature the golden rule will be the only sentiment, or this is ever present Positive Truth we will

have no storms or discord, but gentle mists and perfect harmony is love one another. (How can the same compound substance be an opposite force.) Construction can never mental destruction. Then the desert shall bloom as a rose, and honest industry, virtue and justice will be understood to be the foundation of all Physical Organic Life permeated by light, which is a true conscience, as cool air is always Nature's Truth. If we constantly live total virtue our temperature of thought is always preservation of life and constantly lives Love thy neighbor as thyself, but let us live two powers, good and evil, and we are in a world of double minds or self-educated fools, and will involuntarily commit any crime under the delusion caused by robbed brains and not living total virtue. Caution against danger is gone. A man may be beautiful in appearance and yet steal your purse when your back is turned. If our Bible teachers had lived the Golden Rule we could not possibly have a U. S. Court system, and all are criminals built upon destruction, for this alone is life; hence, we cannot remedy our present confusion without education or a restoration of our national individuality in the Golden Rule or nature's truth. At the age of 14 I attended some protracted meetings (or modern hypnotism orthodoxy) My mother said to me: Why don't you be converted, like the rest. I said: Mother, I would not dare to do what the minister and those professors do. If they get to heaven I am sure I will. "The kingdom of heaven is in your heart," namely, "Love another." My mother was a Baptist, and father and my grandmother on his side were Methodists. I loved them all, and their differences of creed confused me. Grandma was my guardian angel. She read the Bible to me and lived it as best she could, but under U. S. marriage laws or brute force in men controlling woman. She can't live the Bible truth, for truth means total virtue, and never knows amorosness, either before or after marriage. When men control women in fear it paralyzes the brain and we are all sold under sin, and the fear generates abnormal heat and melts the tissue, in the brain and nerve channels, and is the final cause of every pain, crime or sin as I have proven, for the power or force of thought that keeps us in harmony at one time will another.

FOURTH CHAPTER.

When I was 17 I taught school in the fall of October 21st, 1833. I married Geo. M. Stowe, who was a graduate of Waukegan Commercial College. He was a very intellectual man in material knowledge, but held himself so much superior to me in material knowledge or intellect, and claimed to be the head of the family. (A Diploma is good for nothing without total virtue. Tyranny and self esteem never was life but death.) We had no children, and 8 years after we were married adopted a baby girl, in seven years after a baby boy. My home was the

most horrid tyranny ever known in the name of Christianity. But our New Testament or Nature's law teaches us that in truth we are neither male nor female, and marriage is honorable in all and the bed undefiled, but adulterers and whoremongers, Good people will judge Truth always teaches by contrast or degrees, for amorosness is anti-Christ or anarchy; hence our government is built upon anarchy and is incentive to all crime. To license evil and then punish it is manslaughter in the first degree. When good never made an evil mind and evil is caused by mental amorosness and is a rank violation of nature's truth (Ruth.) Like Nero when he sighed because he had no more nations to conquer, and when women won't let men murder her our men must now destroy themselves. For woman is not a citizen, you know. I soon found our home was far from being the New Testament teachings. I taught in a Union S. S. the first fifteen years of my married life. I tried to practice the truth, but could not, for when I would read to Mr. Stowe that Moses' laws were not perfect; had they there would have been no need of a new lawgiver. For Moses said; "Thou shalt not commit adultery," but St. Joan said in her sermon on the Mt of transfiguration from error to Positive Truth Matt 5 c, I say unto you, "Whoever looketh on a woman to lust after her has committed adultery with her already in his heart," shows the motive to be as bad as the act, for to use the organs only for mother to create by the pair is rank sin or a violation of Nature's Truth. Hence our world's degeneracy. For mother must be her own individualized life control or she is robbed of her identity, and the offspring will have no character or individuality in truth. From weak minded, amorous parents in brute force can never proceed intellectual intelligent people. Hence, our fool statesman who says his mother is not a citizen, and fear will degenerate the organs faster than any other form of disease. There are thousands of women murdered and carted to the graveyard, and children left orphans and the minister and lawgiver is so ignorant of mother's laws being the Bible truth or mother the mental moral creator of all life, he will say this is God's will after he has murdered his victim (wife). Hence our laws are based upon manslaughter or wife murder in the first degree, or infanticide is the motive of marriage. Fathers will force maternity and vote for congressmen to incorporate cities for public and home prostitution to license marriage in adultery, and saloons to sell liquor to his created weak minded offspring in amorosness. "Am I my brother's keeper," or I am my brother's keeper, in exemplification is nature's truth, and the mother who is not a citizen, and has no voice in our laws to say a word in defence of her child but is forced to sit still and see this wholesale murder go on, and the men called lawmakers and ministers are so ignorant they call this God's will. Never was such ignorance known since the world revolved in space, called civili-

zation and some men will murder as many as four wives and the helpless children still forced into the world in myriads to do the same work over again. Durant did a better job than orthodoxy, for he stopped the fool creation of the innocent. My mother had eleven children: six are now dead. The human body and brain is entirely degenerate as our conditions show, for the U. S. laws are wholly built on destruction (amorousness) or the lie death and lust in men is trying to annihilate women. The statesman with his idiotic laws and the minister sanctions or votes for the unjust statesman when his Bible says Jesus is justice.

The insane asylums and the criminal courts tell you what the minister is doing for the homes, for it costs more to pay the fool minister to teach the lie of a myth of a personal God and heaven in the future, which kills the Bible Truth. (The word is God in a virtuous mother Holy Ghost, and we pay these mentails, mental deceivers, to teach us to violate our Bible) than it does to dispose of his victim in the criminal court and the undertakers and grave diggers. Better drown the kitten before it knows error than to be to so much expense to dissolve this ignorance or man's forced creation of selfishness. Adultery degenerates is written upon every public institution, and cities are an entire violation of nature's virtues in mother as first cause of man. For the body alone can suffer or be violated Nature's air or mind God can't suffer, but we poor idiots or transgressors of woman's virtues suffer for every evil thought or generated abnormal heat. Why force humanity into the world and then kill each other off, then force the children to pay a war debt for having their parents murder each other, and cause this misery and suffering. We had better have only 200 healthy, virtuous people in the world than so many suffering. Don't say God creates when lustful devils (men) create after their kind adulterers. Hell and the devil are already here. Where ignorance is bliss tis folly to be wise, but ignorance is self dissolved as soon as created, for wisdom never creates ignorance any more than we can separate the air we breathe. No discord adulterers or adulteresses are ever known in life of truth. Only we are dealt with as the scabby sheep unless we repent from lust and all evil. The corrupt energy of the soil to gratify man's selfishness is soon going to dissolve itself in famine and plagues, for if we do not live total virtue or justice, nature spews us out of her mouth or judgments must come. When parents vote for laws to destroy their children are they not indirectly murderers. In the beginning was the word and the word was Good Mothers, and their words are God-Good in individual total virtue. I must have an individual principle of Positive Good in motive to be in health and harmony with nature for I am an integral part of the whole of substance chemicalized with light or air, which is mind in truth; hence we are all equal. Words express physical action or Life in Truth. Evil thoughts come only from adulterous brains, and are death. Truth is Infinite Mind or Eternal Light, or total virtue in motive har-

monizes us in Light and this evolved preserves our identity. This is the only law must be ever present, Life action or knowledge of good being the only rule in life. Cool reasoning is immortal truth. We should never think a thought of amorousness for ourselves or others. It creates heat or electricity and is destructive. The mind that decays the body cannot restore or the temperature of heat that burns the body cannot restore or heal. Cool counteracts heat if we are patient. Nature is always normal truth or warm. Cool reasoning in silent thought and calm patience for an ignorant one will in time counteract or heal their false heat which generates fear. Cool relaxes, heat contracts the nerves or mind channels. Good thoughts or heat melt the tissue and we call it decay.

MORE DECEPTIVE TEACHINGS.

When I was about six years of age my mother taught me that Christmas was a spiritual holiday to be kept on December 25. We children were to hang up our stockings and have them filled with goodies by a mysterious fairy who came to all good children's homes. An aunt came to visit my mother to spend Christmas. We were hurried off to bed so Santa Claus could fill our stockings. I slept in a trundle bed in a room where they sat. They told me to go to sleep quick, but I covered up my head and peeped from under the covers to see my aunt and mother cover cobs with white muslin and dress them for dolls, and in the morning we found them head first in the top of our stockings with no legs or arms. My grandfather had sung to us the cradle hymn:

"Hush, my dear, lie still and slumber,
Holy angels guard thy bed,
Heavenly blessings without number
Are gently falling on thy head.
Soft and easy is thy cradle,
Coarse and hard thy Savior lay,
When his birth place was a stable
And his softest bed was hay."

How I longed to see the little boy Christ or man Jesus, but my longings were in vain, for I was told Jesus was a man and lived 2,000 years ago, that he healed the sick, and when we died we would go where he was. I had longed to get relief from the fear and deceptive teachings that had been taught me. When we got up to examine our stockings I pulled out the dolls and said to my mother and aunt; I saw the Santa Claus. It was you, and the doll's dress was made from cloth like my dress. I found the Santa Claus to be a fraud, but what about Jesus (Col. 4-11). Jesus is called justice first in mother, who I was told would give us all we asked in answer to prayer. I did not find out until I read in Matt., 1st chapter, that the Virgin Mother perceived

that Jesus Christ, or the teachings of Truth (Ruth), in Nature was and always will be Good with us; and Matt. 3d tells us that Joan came preaching repentance for the remission of sin (from lust to positive virtue), and she was the Messiah (meant mother life) which was to come. If I repent from amorousness and all evil thoughts and think only good for all, I will see Christ or Truth in all, and all thoughts are made in truth, which is light, and without truth or light we could not see the objects to move to preserve or evolve life. Joseph was a just mind, and when the angel of thought spake to his conscience and said, "Fear not to take unto thee Mary (or virtue) thy wife, for her perception of "Good with us is the Holy Ghost," or a whole mind makes a whole body. Read Ruth or Truth, how after her mother-in-law had lost her husband and two sons by lust (through sex comes death) her name was called no more Naomi but Mara (Mary) for she had drank of the bitter waters of experience. When men die before the threescore and ten it is suicide caused by adultery robbing the brain and the body loses its gravity of total virtue, and nature loses its individual thought force, and benevolence resolves it back into the whole by the chemical process of the gall overcoming the quicksilver and the law of optics sees and acts only adultery and selfishness, which is slow death and at last total annihilation of our identity, for virtue total is immortality, and Newton's law of inertia or like atoms attract like for our perfect intellect in Nature's truth, thus producing perfect happiness. We must labor for our food to understand political economy and the relative qualities and quantities of the chemicals for the highest intellect. Eating animal food makes us of the same mental affinity (and nicotine and grease is lower than any brute) as the decomposed flesh for flesh begins to decay as soon as breath or light leaves the animal. I now know what Christmas means, that the mass of flesh is truth or Christ is all the law and virtue in woman is the sun of all good men and women. The word of good is made flesh and dwelt among us and we beheld her (Joan) as the first begotten of natural law, full of grace and truth. I was taught too much honesty to be deceived. All selfishness in total virtue practiced is self preservation. Selfishness in evil violates nature's truth, or we imagine it can be violated, and instantly produce our own self destruction or death to our individuality, for evil is never classified in truth. Suffering is the penalty that points us back to positive truth either to retain our lost individuality or resolve us back into the whole by a separation of mind, air and body delusion. Cut him down speaks to man today who repudiates his mother when he says she is not a citizen. One evil thought unless immediately repented of violates the body and resolves it back into the whole after suffering the agony of a false conscience, and is total annihilation of our identity. We should have been taught to practice St. Joan's rule in full. Good is not tempted, neither tempteth it any one; against such there is no

law, and "the soul that sinneth (mind) it shall die." "The wages of sin is death." Hence all premature deaths are murder or voluntary suicides by ignorance of the minds over control substance to be total virtue to produce natural construction or harmonious attraction of the atoms. Good or God in total virtue in woman as the creator of all constructive combinations of the chemicals to express life principle.

CONCLUSION.

Love totally virtuous mothers and keep their commands, for this is the whole duty of man, for she is a whole mind or Holy Ghost.

In June, 1891, I was turned from the M. E. S. S. in Puyallup, Wash., because I taught truth (honesty) or Bible Phrenology instead of tradition or creed. I knew the Christ healing should be done to prove the Bible truth if it was eternal all powerful law. In 1888 I had joined a modern church (hypnotism M. E.) at Mandan, North Dakota, for the first time ever belonging to an organization. In three months my two adopted children were given up to die of scarlet fever. I and my Bible carried them through. In May, 1891, I was sentenced to death by the doctors, church members, and so-called ministers prayed for me that if God was willing for me to get well to heal me, if not to give me an easy passport to heaven. Good thoughts or total virtue is eternal life or normal action, not death or inaction. I had not stepped for six months, had cancer of the stomach, two tumors and chronic dyspepsia for twenty years. My grave clothes were ready for my burial. Mr. Stowe went to vote at an election. I had sinking spells caused by heart failure. He said when he stepped out I am afraid you won't be alive when I come back. (My eyes were white in death.) I said, go on, God will take care of me. I had voted at the school election before against bonds, as I said they have no more right to vote bonds than to take my purse or pass counterfeit money. If my warranty deed protects my labor and is legal also the constitution says nothing must be put in circulation but lawful U. S. money; also congress can levy taxes for protection, not for destruction. To rob banks and appoint receivers has made our law system both thieves and murderers, and then call it legal or truth. Truth is life, not death. When he came from the election I was well. "Earn your money before you spend it," is truth rebuking our national idiots and murderers caused by amorousness, which is rank degeneracy. I had always taught my S. S. class if we did not obey the Bible our prayers would be of no avail. I seemed to realize that I had life, and "arise, take up thy bed and walk was not lying and looking for death." Go and sin no more was not sanctioning a writ of habeas corpus to a man for 10.00 to a U. S. law system of brute murderers to murder me or agreeing to live in adultery after marriage to produce rupture and kill both body

and brain with abnormal heat. I instantly changed my mind from inaction to perfect action, arose, stamped my feet, and walked; the pain was gone. The mind or pure air forced the secretions into their natural channels, and the pressure of the tumor or water (Damascus a sack of blood, Greek translation, was forced into the natural channels and the mind pressure opened the heart valves and brain cells, and the fear of death or contraction of the heart valves was gone and I was well. My hands were stiff and cold in death. I drew a long breath and this forced the heart instantly into action. It has been four years since and I have never had a pain, but I never think a thought of sex or destruction for myself or others. The quality thought determines the longevity of the body. Sum it all up in this as life is mind action on the body for construction and the conclusion is a perfect mind is nature's truth or breath, and total virtue lived never knows pain or nerve or heart contraction. The body is daily renewed with food, water, light, mind or air, hence we are compound mind and body, and we are just as easy renewed, as our growth was produced, and can no more suffer than the food chemicals of which we are composed if we live "Love one another in total virtue and do not generate fear or abnormal heat or electricity. Hence Mother is God in total virtue, and like atoms attract like; hence man must obey a virtuous mother or disobedience dissolves himself, for incest is death. Woman and man are related in nature as mother and son. There is not a particle of amorousness in truth. Total virtue is the only love, and the reproduction by the pair is nature's law of order to preserve the species. More than two is brain and physical exhaustion, hence our modern confusion is entire degeneracy. For the golden rule is self-preservation or nature's truth (Joan 10 c.) Is it not written, I said ye are gods in nature's virtue. Any one that cannot see that woman is before man in organic form needs dissolving and resurrecting again. We will never have intelligent men until woman is liberated from lustful men mental tyranny. For virtuous woman was first self congealed, self acting, self divided and then self expressed in total virtue, as she is first cause of all life, but her son is so degenerate he says his mother is not a citizen. The following is the correct version of the Lord's prayer or love words first spoken by mother Lord is nature's positive virtue (Heaven exalted thoughts—Webster, our mother who gave us a virtuous brain or mind cell. I adore and obey thee, thy precepts control me and are compound mind and body. "Ye are the temple of the living god. Thou gavest us our daily lungs and breath and food to renew or construct daily life, and like atoms attract like for an evolutionary life. The golden rule or law of retribution is stamped upon every strata of our body. Then madest all good, hence I cannot be tempted to think a law of opposites, for I have but one cause, and that a pure motherhood and she is all power; for good is all the mind science in truth. A-men or

Rome or man deceiving us, and all books written by virtuous mothers were burned by the priests or men so they could get their living in idleness from the poor people after the first century of the Christian era. Every minister today must be told if he won't work he can't eat. For life is individual vegetable mental construction of self earned food. The farmer is the highest life preserver. For one to live from another's energy is slow murder of our brother. Individual action on the soil is the only life preserver, and nature's air inflating the brain and lungs with total virtue is mind or breath, or silent mental telegraphy or compound Life Elixir or the Golden Rule. Nature silently dissolves the amorous body when it is so degenerate it can't understand Truth. This is nature's law or penalty for disobedience to "Virtue went out of St. Joan and healed them all. Nature can't be violated without self annihilation of our individuality. But when man says woman is not a citizen or his life giver, he repudiates his mother and the Zechariahs are all dumb, and will remain so until he gives the writing table to Joan or woman and she cuts down his self esteem; he has worn borrowed plumes; long enough he shines by borrowed light, or gets his life from women then repudiates her. "Whht blasphemy!" For Moses said: "Thou shalt have no other gods before me;" but he never got into the promised land. Let's pray him out. The Pope is him in another name or men rulers controlling women. Duty demands that we follow proof instead of theory. Honesty is Jesus Christ or justice, and will always rectify a mistake when it is pointed out, for eternal truth is all the power or desire or mental control. No writings should be accepted until we have proof that they are total virtue. Healing the sick alone proves the New Testament, and these are pure virgin mothers. Man can't go back of his mother who created him, nor condemn the world in sin without destruction. Can a part control the whole. When a \$10.00 license will grant a man the privilege to rape and murder women by the thousands it is time she is taught better. We can't license murder or any evil and make it legal. All sex is a rank violation of the brain. Go to the heathen and learn a lesson ye counterfeit false Bible teachers and robbed brain, for a good mother never made a counterfeit, only to enrich the soil for future generations mental experience. The world has got to the end of man worship. When the Pope declares he is infallible and every man is a Pope in a small degree all to be scorned to shame by nature's virtuous mother stepping into the scene saying, Sit thou on my right hand (or mind) until I make thy foes thy footstool. Also the time cometh when no man can work." He fights as one that beateth the air today. We must worship mother and nature or die for food. Eight months after I was healed my husband died of heart disease. He had never seen a sick day after our marriage (23 years). I could not get him to think total virtue individualized to restore the lost brain food to preserve his own life, or remove the cause and the effect

of evil will cease is nature's law to restore today. "It were better one should die for an example than all should perish." The false priestcraft or mental poison must cease and true motherhood in homes be restored to stop our national inherited idiocy, for a remnant shall be saved. The crime begins 9 months before we are born a forced life is murder. Virtue in mother never made lust. We are entirely degenerate. Can voting for men destructionist ever be mother's construction.

Individual positive perfect universal I demand.
You are your brother's keeper understand.
Retribution is written on time's sand,
And the Golden Rule is ever in thy mind.

UNDER THE WILL

These tracts should be sent out by the above will fund, but as all honor has been violated, and for the highest beneficent results

and in trust to diffuse knowledge of truth, or Ruth, Truth and Christ are synonomous, and woman first gave man his lungs and rarified them with warm air, or life of total virtue, 9 months before his birth, and he now says in the U. S. his mother is not a citizen, thus perjuring his own life, a reaction of motive is now enforced by chemical mother and disobedience is reactive death. There is but one air or mind is chemical justice in equality over the compounds. No amorous man can teach mother divine total virtue. What shall we do with the 80,000,000 created under the U. S. legalized prostitute act. One million a year must be dissolved in the next eighty years: 4 births to one death, 40 eating to one producing only \$5.00 to circulate \$100.00 worth of food, and should Rome and orthodoxy pray for food for this 80,000,000 to his personal God, and it was not raised by the farmer the previous year, the whole world would go down in one ye arby famine and thus the legalized blood poison sex will self-dissolve. Our only remedy for this over production in enforced maternity by man's brute force is to stop creation, force the consumers to be individual producers, all idleness banished to cleanse us from sex.
