ANNUAL CIRCULAR

OF THE

BOARD OF TRUSTEES,

NEWARK CONFERENCE CAMP MEETING ASSOCIATION,

The Annual Camp Meeting Services

Will begin on **THURSDAY, the 14th day of AUGUST,** and continue to the morning of **MONDAY, the 25th.** We expect to be favored with the presence and services of many able and honored ministers of our church. The yearly spiritual benefit of our Camp Meeting to those in attendance and through them to the societies which they represent, should secure to **Mount Tabor** the hearty support of the ministers and laity of our entire Conference and vicinity. We also extend a hearty invitation to all good people, irrespective of sect, who may desire to share with us the **sanitary and religious** advantages of the annual meeting of God's people in this beautiful grove.

THE WOMAN'S HOLINESS MEETING, AUGUST 6th to AUGUST 13th.

THE RENT OF TENTS

HAS BEEN REDUCED TO THE FOLLOWING PRICES:

Tents fourteen feet long by fourteen feet wide for two weeks,	\$10.
" " " " " " " " " " " "	9.
" twelve " " ten " " " " " "	8.
" nine " " nine " " " " " "	6.

This includes floor, fly and putting up. For any additional time, \$1.50 per week for the largest size; seventy-five cents for the next smaller; fifty cents for the next and twenty-five cents for the smallest. No privilege is given to sublet tents.

Cots have been substituted in place of berths in the Tabernacle, and with other improvements, a pleasant sitting-room has been fitted up.

All family stores will be supplied on the ground of good quality and at current rates. BOARD AND LODGING will be abundant and reasonable.

Water rents this season will be as follows: Tents and cottages, 25c. per week; with water closets, conforming to established rules, 15c. additional per week; with bath tub, 20c. additional per week; all water closets not approved by the Executive Committee, 50c. per week; horses stabled on the ground, 25c. per week for water. The rates will be enforced during Camp Meeting as well as other parts of the season.

Oil, coal, wood, ice and straw will be furnished at moderate prices. A charge of ten cents will be made for the privilege of driving and tying horses in the grove.

All orders for tents should be addressed to Mr. Elisha Earls, Tabor, Morris County, N. J.

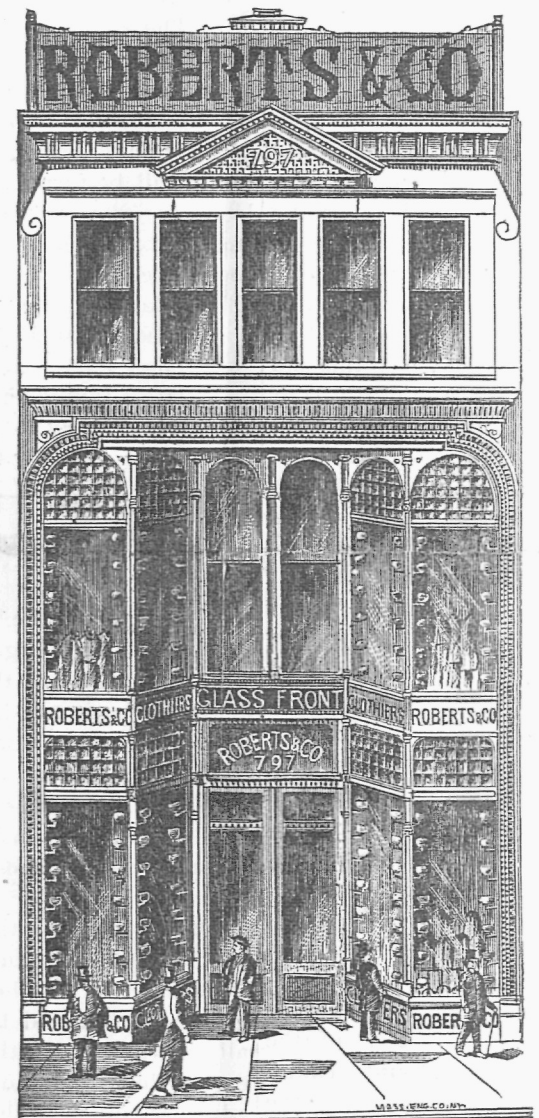

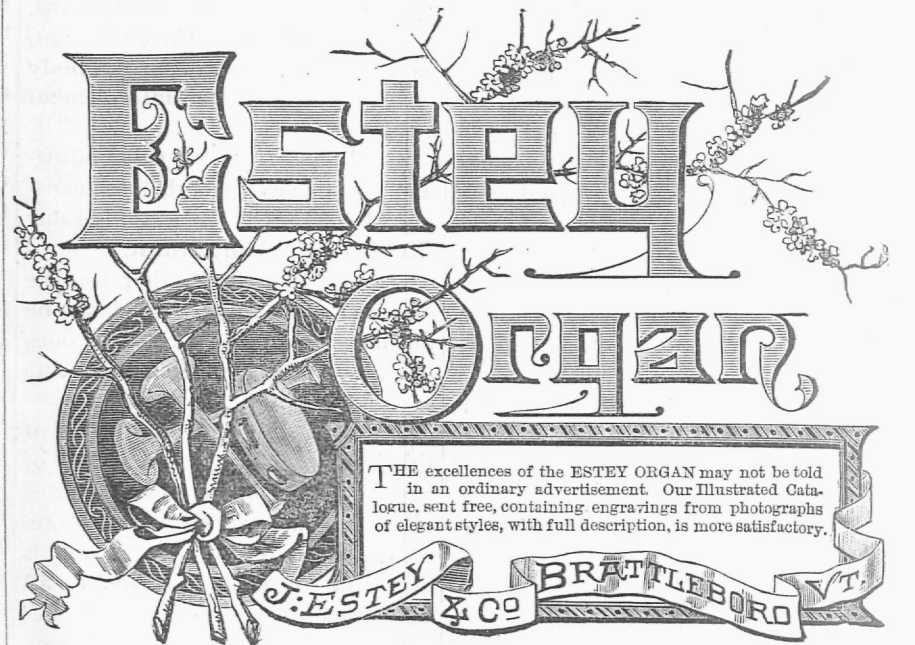

P. S.—Pastors will please read this circular to their congregations, and then post it in some conspicuous place in the vestibule or some other part of the church for convenient reference.

Preachers of the Newark Conference who have no cottages, and express a desire to the Chairman of the Tent Committee, will be provided with a tent, floored, free of cost.

BY ORDER OF THE BOARD OF TRUSTEES.

S. M. LONG, Secretary.

DAVID CAMPBELL, President.

Our Camp Meeting.

The meeting of last year was one of real spiritual profit. The sermons were thoroughly evangelical and inspirational in their character. Many of the precious doctrines of the Bible were presented by some of the strongest thinkers, and most consecrated ministers of the Church. Happy results followed this presentation of divine truth, in the redemption of souls, the restoration of the backslider and in the upbuilding of believers in true holiness. The dear old gospel is still the "Power of God unto salvation to every one that believeth." Never in the history of Mount Tabor Camp Meeting was this blessed truth more fully demonstrated than during last year's meeting. We will do well to keep along the line of the "Old Paths," which the fathers followed. Never in the history of the Church, was there greater need than now, of fidelity on the part of all Christian workers, in bringing before the people, the plain, unvarnished truth of the word of God. Be assured, if the Gospel does not win and save men, nothing under heaven will; for "There is none other name under heaven given among men, whereby we must be saved."—Acts 4:12. May the coming meeting be more glorious than any in the past, on account of the displays of divine grace. To this end let the heart cry go up from our churches, and family altars, that God may direct and bless the coming Camp Meeting on Mount Tabor. This cry will take hold of omnipotence, and rich blessings will be given; fitting us better for our work here and our rest hereafter.

Some who have mingled with us in other days are no longer seen working for Jesus in the church militant, they rest with God, and "their works do follow them." They toiled hard for the salvation of men. We well remember the the sainted Hanlon, Yard, Felch, Walters, Ayres, Crane, Dashiell, Dickerson, Bartine, Lumis, Ellison, Cobb, Searing, Allison and Mc Dermut, All of whom were deeply interested in the success of the Lord's cause on Mount Tabor. They still live to love and serve the master in that land of light, where the shadows never fall and the partings are not known. May it be ours to meet them when our work is done. "BE THOU FAITHFUL UNTO DEATH, AND I WILL GIVE THEE A CROWN OF LIFE."

It is a source of real joy to know that our Heavenly Father has graciously restored to health again, Brother David Campbell, the highly esteemed president of Mount Tabor Association. For weeks during the past winter he hovered between life and death, and at one time was given up to die. Much prayer was offered by the Church of his choice, that God might spare him a little longer. The cry of faith was heard, and his life prolonged. During all his illness, he it said to the glory of God, brother Campbell was kept in perfect peace. He will be made thrice welcome on Mount Tabor this year.

At the meeting of the Trustees, held on May 23d, Mr. David A. Barnes of Paterson N. J. whose handsome cottages on St. John's Avenue is well known was elected a trustee of Mount Tabor, to fill vacancy caused by the death of Mr. W. M. Mc Dermut.

We understand that Dr. H. L. Coit of Newark will be on the grounds on designated days each week.

Mr. S. M. Mattox who has built a large number of cottages at Mount Tabor, has quite a number of men at work there this season. He can be consulted on the grounds at almost any time.

Laymen's day will be a most important feature of the Camp Meeting several of the most prominent Laymen of the State will speak.

Woman's Holiness Camp Meeting

Will be held as usual at Mount Tabor, N. J., commencing August 6th, 1884, and to continue one week; to which all are invited, both women and men, without respect to denominational lines.

Our objects are briefly these:

1st. Motto, Holiness to the Lord.
2d. To encourage the entire consecration of Christian's, soul, body and spirit in a perpetual covenant unto the Lord.

3d. To pray for the full endowment of power through the cleansing blood of Christ, and the sanctifying of the Holy Ghost.

4th. To pray and labor for the conversion of sinners who may be on the ground, and for absent ones who may be made special subjects of prayer.

We shall give full recognition of the fact, that love is the bond of perfectness, a bond that excludes all denunciatory utterances in regard to ministers or others, and is inflexible in its opposition to all fanaticism.

Camp Tabor is in New Jersey, situated on the line of the Delaware, Lackawanna and Western Railroad, about thirty miles from New York, and twenty from Newark. The ground is accessible from all parts of the country by numerous trains. Board can be had with lodging for six dollars per week, and without lodging for five dollars. Tents will be furnished at the following prices:—14x14 ft. \$10; 12x12 ft. \$8; 10x10 ft. \$6. Those desiring to secure tents should apply to Elisha Earls, on the grounds.

MRS. O. M. FITZ GERALD,
MRS. P. A. VREELAND,
MRS. JENNIE F. WILLING,
MRS. MARY R. DENMAN,
MRS. A. B. DE GROOT.

Musical Department.

An especial feature of the camp meeting will be the presence of a large and well organized choir. The members of the choir are among the finest singers within the bounds of our conference. They will be under the leadership of Prof. C. M. Fisher of New York. Prof. Fisher is considered one of the finest cornet players of sacred music.

The members of the large choir are worthy of all commendation for their services in the past. They give their time and talents free of all charge, and their devotion to the department of sacred song adds very much to the interest and success of the camp meeting. All honor to our choir.

Young People's Meeting.

The Young People's Meeting of Mount Tabor has come to be the centre of great spiritual interest and power. Many of the sons and daughters of the ministers and the leading families of the Newark Conference have found Jesus there, and are now living grand Christian lives. During the past thirteen years over one hundred souls have professed conversion, besides the large number of young people who have been led to entire consecration of all to Christ. May this year's meeting excell all the past in earnest personal work, and in great results for God and souls.

Rev. W. L. Mc Dermut.

Brother Mc Dermut is gone. He was an active member of the board of trustees of Mount Tabor. After a long and severe illness he died peacefully.

By his own energy and the grace of God he succeeded grandly in rising from humble beginnings to prominence and competence. His life was an impressive example of the essential value of Christian integrity and continuous industry. In early life he joined the Methodist Episcopal Church, and was for many years, an honored officer in the old Bedford Street Church, N. Y. He had also been a trustee of Sing Sing Camp Ground for years. At the time of his death he was amember and trustee of Asbury Church, N. Y. He was greatly beloved by the church and his Christian associates. He was a most acceptable local preacher. The great truths of the gospel were to him living and transforming influences. These precious truths he told to others, declaring them to be "the power of God unto salvation to every one that believeth." During his last sickness he was kept by the grace of God in perfect peace. His room became a place of holy triumph. When the last moment came, as quietly as goes out the tide, his soul passed away. His wife and loved ones, though bereaved, are rich in the legacy of his tender love, and the blessed hope of immortality.

Fourth of July.

The Fourth will be celebrated on Mount Tabor this year. The trustees were so well pleased with the exercises and oration of last year, that at their last meeting a committee was appointed to arrange for another celebration this year. We learn that the committee is at work, and doubtless a fine programme will soon be arranged. Railroad tickets for Mount Tabor, on the fourth of July will be sold at the same rates as during camp meeting. This reduction of fare will enable a large number of friends to visit this beautiful summer resort.

The Mount Tabor Record.

The seventh volume of the ILLUSTRATED MOUNT TABOR DAILY RECORD will be published during the coming ten days of Camp Meeting. The engravings are all of the very finest. The reports of sermons, etc. are full, and general items of interest in Camp and Conference are most interesting, making it the handsomest Daily published, and one of the most lively and interesting. Subscription for the volume, 40 cents. Send in your subscriptions now. Send for special information for canvassers and club rates. Address all communications to Mount Tabor Record, Morristown, N. J.

YOUNG PEOPLE'S PARK.

The Young People's Park, laid out in Tennis courts, Archery fields, Croquet and Quoit grounds is a favorite resort of young and will rapidly grow in favor. The sights there witnessed will not vie with the royal events that occurred on the "Field of the Cloth of Gold," but for health-giving exercise and pure and unalloyed pleasure secured to the young of both sexes the park does excellent duty. Several hundred shade trees have been set out in the park and its immediate neighborhood during the years past and now neat walks and tasteful flower beds are projected. It will in time make one of the loveliest spots on the Mt. as well as being its "sanitarium."

KINDERGARTEN.

A new feature of summer life at Mount Tabor will be a Kindergarten which will be conducted by Miss Carrie E. Coit, to begin about the middle of June and to be held in Ebenezer Pavilion. This method of directing child life so as best to develop the body, mind and soul, has been successfully applied at Chataqua and Martha's Vineyard. No place is more eminently fitted for kindergarten teaching than Mt. Tabor. These woods always afforded the children much pleasure, but this season Miss Coit will endeavor during three hours every morning, to open and awaken their minds to deeper beauties in nature about them.

"A Thing of Beauty is a Joy Forever."

The Monitor Oil Stove is just such—the joyous expressions from the hundreds that have bought and used it in the past three years are. I would not part with mine for any consideration and can do all my work with it. My house is cool. No smoke or smell and is economical. The agency is at Lawrence's Newark China Store, 613 Broad Street, opposite Trinity Church. It has improvements and is sold for less this year. Mr. L. cheerfully allows a week's trial free to reliable parties. It is the best Oil Stove in the World.

Commencement Exercises at Hackettstown Collegiate Institute.

The exercises of the commencement week at Hackettstown Institute are as follows: Sunday, June 15, Baccalaureate Sermon by Rev. Bishop Andrews, D.D., LL.D.; Annual Sermon, 7:30 P. M. by Rev. Geo. R. Crooks, D. D., LL. D.; Examinations, June 16 & 17; Prize contest in Eloquence for gentlemen, June 16, 7:30 P. M.; Prize Declaration for Ladies, June 17, 7:30 P. M.; June 18, "Class Day," President's Reception, Wednesday evening June 18; Commencement, June 19, 9:30 A. M.

RAILROAD FACILITIES.

3:00 P. M.	4:09 "	4:40 "
6:10 "	6:26 "	7:55 "

In a few days a train will leave Mount Tabor at 7:46 A. M.; arriving at New York at 9:20 A. M.

Additional trains are added as the season advances, and during the Camp Meeting trains arrive and leave every hour. Excursion and strip tickets are sold at greatly reduced rates at the various depots. Commutation tickets can also be purchased for one or three months as desired.

POSTAL FACILITIES.

The postal facilities at Mount Tabor are excellent. About two years ago, the Post Office department, recognizing the growing importance of this resort, established a Post Office on the grounds, and Mr. E. B. Earls, the Supt., was appointed Post Master, the active duties of the office being attended to by the Asst. P. M., Miss Carrie Earls. The office is open all the year; the larger business being, of course, from June 1st to October 1st. During four months last season nearly ten thousand letters were received and nearly seven thousand were sent from the office. The Post Office is situated on Simpson avenue, near the road of the entrance. Call boxes have been provided and will be rented if desired. The vicinity of the Post Office is at all times a scene of life and activity. Mails are received from New York and Easton twice each day; at 9:15 A. M. and 5:15 P. M. Mails are sent at 7:30 A. M. and 2:45 P. M., thus affording ample facilities.

WESTERN UNION TELEGRAPH.

An office of the Western Union Telegraph Company is open on Mount Tabor from about June 13th to September 15th, in each year. The address is Mt. Tabor, N. J. The attentive operator last year, Miss Josephine Bennet, will again fill the position this year. The telegraph office is located in the post office.

TELEPHONE COMMUNICATION.

Last year a telephone for public use was placed in the Treasurer's office, affording opportunity to telephone to New York, Dover and all intermediate points. This convenience will be continued this year.

ADDITIONAL WATER SUPPLY.

During the past year the Trustees have greatly increased the water supply on Mt. Tabor. This was rendered necessary by the additional number of residents on the grounds each year, and consequently much more water being used. Heretofore the supply has been from one spring to the reservoir. Last fall the spring adjoining the western portion of the grounds was enlarged, and a spring house enclosed; pipes were laid to the reservoir, and an engine-house built near the road leading to the farm-house. A new engine was purchased and placed therein, and now water can be pumped to the reservoir from either the old or new spring or both if necessary, giving ample supply of pure spring water, conveyed to any cottage on the grounds. The expense of the improvement was nearly \$1700.00, but we are now assured of an abundant supply of water for many years to come, with ordinary additional expense. A new water main is being laid from Searing and Hedding place to Morris avenue, East pass, Shaw place, to the stable lots, to provide additional water for horses and carriages. Residents on that part of the grounds can tap the main if they desire.

THE LAUNDRY.

The laundry this year has been removed to the farm-house, the party renting the farm adjoining, to provide facilities for such work. There will be a decided improvement; which the ladies, no doubt, will appreciate. Families can at any time have their washing and ironing done at the laundry if desired, by competent persons.

BUILDING IMPROVEMENTS.

Since our advanced edition last year quite a number of new cottages have been erected, while in many other cases additions have been made. We note a few of the latest.

Miss Norris, of Boonton, has built a handsome cottage on her lot on Boehm av. On Embury place Mr. D. A. Morrison, of New York has enlarged his cottage, making quite an addition.

Many other additions and improvements have been made, and others are contemplated during the year.

Mr. A. C. Getchius, of Newark, is about completing a very fine cottage on Summerfield avenue, he has a fine location and will no doubt enjoy his new cottage.

Mr. C. H. Winans, of Newark, has built a handsome, new cottage on Wesley place, and Mrs. Hellen Pierson has enlarged and improved her cottage on the same street.

On St. John's avenue, Mrs. Dr. Peck, of Strausburgh, Pa., has built a very neat cottage, while D. A. Barnes, of Paterson, has improved his cottage by painting and decorating.

Rev. S. N. Bebout, of Newark, has heretofore occupied a tent, with a wooden kitchen in the rear, is now building a cottage on the front of his lot, and will in the future do away with the tent front.

Mr. F. Maynard, of New York has built a new cottage on his lot on Clark place and Butler pass. Sitting on his porch, he has a fine view of the depot and surroundings, and, with his family expects to occupy his cottage early in the season.

The Treasurer's office will be considerably improved this year, by being wainscoted, lathed and plastered and a chimney built, thus making the office much more comfortable, and making it possible to have a fire therein, late in the season.

WESLEY AND FLETCHER AVENUES.

During the past season the above streets have been graded in conformity with the survey lines, and the trees removed from the road, the sides guttered, and the streets now present a neat and attractive appearance. During the season the easterly portion of Morris avenue will receive attention, and this beautiful and shady promenade made even and more attractive.

IMPORTANT TO ALL.

To get rid of "Malaria" and the "Chills" go to Mount Tabor.

The Sunday School at Mount Tabor will probably open on June 24.

If you want a place of rest for the summer, go to Mount Tabor.

Over twenty-five families were occupying cottages this season on the June first.

Mr. Josiah Walsh of Newark will occupy the Searing cottage on Morris Avenue.

Mr. C. L. Pitts of Hoboken will again occupy Mrs. Abor's cottage on Morris Av.

There will be preaching service at Mt. Tabor every Sunday on and after June 24.

Mr. E. P. Woodward and family, of Orange, N. J., will occupy the Hedges cottage this summer.

Mrs. C. A. Archibald and family, of New-York, will occupy Dr. Sanger's cottage on Shaw place this season.

There are still a few cottages to rent at Tabor. Prompt application to Mr. E. B. Earls, Tabor, N. J.

The Mount Tabor Literary and Musical Union will give several entertainments at Mount Tabor this summer.

The cottage of Rev. M. D. Church of Montclair has been rented, for the season, to Mr. E. Dunning of Jersey City.

Additional copies of this paper can be procured, free of charge, by sending a postal to secretary at Mount Tabor, P. O.

Seven families visited Tabor on Decoration Day, and notwithstanding the cool weather enjoyed themselves on the ground.

We understand that a Mr. Jacobus and family from Newark have rented Miss McLeod's cottage on Shaw Place, for the summer.

Among others who have rented cottages at Tabor, for the season, are Mr. W. Bishop, Mr. G. A. Cook, Mrs. Matthias and Mrs. Lowrey, all of Newark.

Send for sample of the *Illustrated Daily Record*—it will cost you nothing. Liberal commissions given to canvassers and a reduction made for clubs of five or more.

On account of a change in business, F. W. Coolbaugh will not occupy his cottage on Boehm avenue this season. It has been rented by Mr. Stephens of Roseville, N. J.

Tickets to Mount Tabor are now sold at the various depots. Strip tickets, of ten, can be purchased at Hoboken, Newark, Madison, Summit, Morristown and Paterson.

The small boy who has heretofore amused himself by cutting trees, seats and the depot with his "new" knife, will be properly taken care of this year by the Police Committee.

It should be borne in mind that the various members of the Police Committee have the full powers of officers of the law, while in the discharge of their duties on the grounds.

The *Illustrated Daily Record* will be published during the ten days of Camp Meeting. It is not too early to subscribe now. Sent to any address for 40 cents. Address Mount Tabor Record, Morristown, N. J.

The moral atmosphere of Mount Tabor is pure and the Trustees do not propose to allow anything or any person to come too, or remain on Mount Tabor that will in any sense contaminate those who visit or reside on the grounds.

Pastors of Churches who receive copies of this paper for free distribution will confer a favor on the Trustees by having some member of their congregation take charge of the same and hand them to their members at the close of their next prayer meeting service.

At the last meeting of the Board of Trustees a resolution was adopted authorizing the Police Committee to offer a reward of \$25 for the arrest and conviction of any persons found mutilating the trees, cutting seats, defacing the depot or violating any of the rules of the association. It is to be hoped that "a word to the wise is sufficient"

MOUNT TABOR LITERARY AND MUSICAL UNION.—Officers, 1883-4.—President S. M. Long; First Vice Pres. H. L. Coit; Second Vice Pres. Miss Kate Craig; Third Vice Pres. Miss Bessie Wright; Corresponding Secretary Miss Carrie Cosad; Recording Secretary Miss Emma Gwinnell; Treasurer Thomas James; Executive Committee Rev. D. R. Lowrie, W. H. Brown, J. Warner and the Misses Getchius, Roff and Stephens and officers of the Society.

Mount Tabor Briefs.

The New York morning papers are delivered upon Mount Tabor early—by 9 o'clock.

There is a great deal of inquiry for cottages to rent and the best are in greatest demand.

The Young People's Association, of Mount Tabor expect to hold several public entertainments during the season.

Mount Tabor knows no such trouble as "Malarial fever." Pure water, pure air and a pure society are its attractions.

Have you chills and do you wish to "shake" them? Go to Mount Tabor and a season of its pure air will effect a permanent cure.

While Mount Tabor affords pure mountain air it is not too strong for the invalid with weak lungs. Its effect is soothing and grateful.

The Young People's meeting every afternoon at 6 o'clock have always been a prominent feature at Mount Tabor.

Parties who may desire to obtain information in reference to purchasing lots should write to the President or Secretary or see them at their cottages on the grounds.

The religious services of the this season will be in charge of the committee appointed by the Conference, Rev. A. L. Brice, D. D., Presiding Elder of Newark District, and Rev. D. R. Lowrie of Bloomfield.

Mount Tabor is a perfect asylum for children. Here they may romp in the open air the livelong day, gathering wildwood flowers and mosses free from street dangers or the diseases that foul air, bad water and dangerous associates engender.

Much of the success of Mount Tabor is due to the hearty co-operation of Mr. A. Reasoner, the kind and friendly superintendent of the railroad, who has at all times shown an interest in the efforts of the Trustees to make Mount Tabor what it is.

While there is an abundance of shade at Mount Tabor, it is not so dense that the ground is wet and unhealthy. By the judicious removal of some of the trees those that remain are given more room to spread out at the tops and the "woods" are thus formed into a "grove."

The residents of Mount Tabor are not driven to their verandas or heavily shaded rooms for protection from the summer sun, but a favorite manner of passing the warmer parts of the day and evening is by swinging beneath the trees in the cool and graceful hammock or "camping out" in the comfortable veranda chair or "old fashioned rocker."

WHAT IS MOUNT TABOR?

We are often asked the question by those who have never visited the place and in reply to same give the following facts in condensed form:

Mount Tabor, Morris County, N. J. is a delightful summer resort, on the line of the D. L. & W. Railroad, 35 miles from New York and 6 miles west from Morristown. Under the charge of the Newark Conference. A large and beautiful tract of country, nearly all a chestnut grove; 709 feet above sea level; streets lined with superb cottages, and well lighted and drained; air pure and invigorating; water in abundance, pure and clear as crystal, from inexhaustible springs, and conducted to cottages through iron pipes, affording hot and cold water, baths, &c. To those desiring a summer home in the midst of religious influences, a refined, Christian society and a place of rest, Mount Tabor affords desirable advantages. The grounds are managed by a Board of Trustees, four being elected each year by the lot owners. Lots from 10x25 to 50x100 feet, according to location, and leased to purchasers for 99 years. The season opens about June 1st, closing about October 1st. The annual Camp Meeting of the Newark Conference is held on the grounds during the month of August. There is a Young People's Association, Kindergarten for children, stores and in fact every convenience and luxury found in the cities with none of the inconveniences.

A FEW WORDS TO OUR READERS.

We desire to call your attention to the great establishment of Hahn & Co., Nos. 645 to 655 Broad street, through to 72 to 74 Halsey street, being the most desirable place to procure complete outfits for your personal or home comfort for the summer, whether you remain in the city or go to the country. They are unquestionably the greatest dealers in House Furnishings and Children's Carriages in the state, and their privileges of free deliveries are so liberal that none should neglect to purchase what they need from them. Their prices will be found greatly below those generally asked.

SOMETHING WORTH KNOWING

If you are just married and wish to purchase carpets or if your carpets are worn and you wish to replace them with new, it will be decidedly to your advantage to inspect Doty & Co's offerings in this department, or if you wish any article in their line, they have the largest dry goods and carpets and upholstery establishment in New Jersey, and present superior inducements to purchasers.

In point of economy, variety and quality, their stock is unsurpassed. The present exhibit of Moquette, Velvet, Brussels and Ingrain Carpets and South Kensington Art Squares is very comprehensive and contains the latest effects in design and coloring. Their prices are always below the market.

The beautiful store of Isaac N. Doty & Co. is at 159 and 161 Market Street, Newark, N. J.

THE LATE HORACE GREELEY

Believed a desideratum for busy men to be a condensed but broad Cyclopaedia of three volumes. This can stand upon the writing-desk, and be ready at hand for constant consultation. Dr. W. H. De Puy has sought to realize in the People's Cyclopaedia, the original idea of the first editor of the New York Tribune. Since its first issue the plates have been carefully revised and it is now one of the best condensed and broadest of general Cyclopedias that is published. Its varied information in science and art, and its statistics are brought down to the present year. Its breadth is attested by the number of its titles—38,000. Its maps and diagrams are abundant and finely executed. For the desk, for immediate reference and for family book shelves, it affords just the comprehensive and portable work the need of which is so generally felt.—Zion's Herald, Boston Mass.

SOLID FACTS

FROM
Preacher, Judge, Lawyer, and Doctor,
ABOUT

MESSES. WILKINSON, GADDIS & CO.,
I have used the COMMERCE FLOUR, from Orrville Milling Co., with entire satisfaction. It makes a light sponge and produces a nutritious, sweet, white bread. We wish to use no other in our family.

A. L. BRICE, D. D.

Dear Sir—I am very much pleased with the flour purchased from you, branded COMMERCE. It bakes a splendid white loaf of bread, and we find it well adapted for all the requirements of a fine family flour.

HON. JOEL PARKER, Ex-Gov'r.

Gentlemen—Your COMMERCE FLOUR has been fairly tested in my family and I candidly say that your claim for its good qualities are fully sustained. We have pronounced judgement in favor of the COMMERCE against any other brand.

C. S. TINSWORTH, 4012 Broad St.

Gentlemen—Your COMMERCE brand of flour has been used in my family with most satisfactory results. We get more loaves from the same quantity of flour and whiter and more nutritious bread than from most other varieties.

777 & 779 Broad Street,

NEWARK, N. J.

Having had considerable experience in drawing plans and superintending the construction of cottages for summer resorts. I would be pleased to wait on my friends and others at my office, or would be pleased to fit out sketches and forward by mail. Mr. A. C. Getchius' cottage at Mount Tabor, N. J. I will mention as a specimen, which was built, this spring, by Mr. S. M. Mattox, of Rockaway, N. J.

J. N. TOWNLEY,

Contractor & Builder,

NEWARK, N. J.

Contracts taken and estimates furnished in all its various branches. Jobbing promptly attended to. I solicit the patronage of all who may desire to build, and will give special and personal attention to all work intrusted to me, and in a reasonable and satisfactory manner.

All communications by mail will receive prompt attention. Plans and Specifications drawn if desired.

J. N. TOWNLEY,

108 Poinier St., Newark, N. J.

The most acceptable present you can make for a birthday, wedding, or other occasion is a portrait of yourself or friend in a handsome frame and now is time to order it.

If you want a faithful likeness of a dear one deceased from any small tintype, card picture, or daugerreotype in your possession, no matter how defaced, now is the time to order it. When the beloved one is no longer with us a lifelike portrait bearing a striking resemblance to the original becomes a priceless treasure and it has been my happiness to place such mementoes in the homes of hundreds of bereaved ones in this and adjoining states. Parties at a distance can send likenesses by mail and have the portrait forwarded by express when finished.

Andrew's Art Gallery 683 Broad Street, Newark, N. J.

Mt. Tabor as a Summer Resort.

Mount Tabor is nestled in the mountainous district of Northern New Jersey, about thirty-five miles from New York, on the Delaware, Lackawanna, and Western Rail Road. The elevation of Mount Tabor is 700 feet above the sea level. The figures are according to the Geological Survey of this State.

The area of land owned by the corporation covers one hundred and twenty eight acres, provides summer homes for about one hundred and fifty families, is itself surrounded by blue ranges of mountains. The natural scenery is such as commands the admiration of all who are stirred by the beauties of nature. The moment the place is reached and one is shut out from the furor of the busy world, there comes an inward feeling of repose, magically produced by the outward visible repose.

It is from the fact that Mount Tabor is in the midst of mountains that we claim its healthfulness. It is well known that mountains maintain a constant change in the currents of air, and wherever we find an abundance of trees, as there are forests in this district, the physical troubles met with in malarial lowlands are not found. If there be a chance influence of this order, it is soon destroyed by the strong air which is overcharged with oxygen constantly exhaled by the trees through their myriads of leaves.

These are considerations which are not secondary nature.

The statement that sea air is more invigorating because it is stronger is a fallacy. A distinguished physician of Europe has recently made a comparative study of this matter, and after a protracted scientific investigation, concludes in favor of the mountain, claiming that convalescents gain strength more rapidly and surely than upon the ocean shore.

The natural advantages of this place led the Newark Conference at first to select it for their Annual Camp Meeting; and subsequently the many families to select it as their summer home. The rapidity with which cottages have multiplied during the last seven years shows that the place offers advantages not found elsewhere.

Upon a farm belonging to the Association, about half a mile distant, two springs pour forth an inexhaustible supply of pure water which is conducted through iron pipes into a large reservoir at the top of the hill, upon the slope of which rest the little city of the woods. From the reservoir the water is distributed over the grounds, in iron pipes and finds its way into many of the cottages. The chestnut grove through which the principal streets are laid, is still young in growth, and each succeeding year shows a marked increase in development and luxuriance. Around the reservoir a beautiful park has been laid out. This is rapidly becoming the most popular and desirable part of the grounds. A number of persons have purchased lots a short distance from their homes and have provided accommodations for their horses and carriages. The fine drives found in this vicinity are sufficiently tempting to induce many to keep their horses here.

Probably the most attractive feature of the place is the society. The culture and refinement found here is all that could be desired for both young and old. Some of the best families in the State being represented. The young people, which are not few in number, with their sociability and genial manner are always ready to make newcomers feel free in the society of the place and at home.

In 1878 an organization was effected by the young people, with the purpose of more easily accomplishing the foregoing results, and furthermore to provide, during the summer, occasional entertainments and sociables. These diversions have thus far proved popular as well as successful. The resources in musical and literary talent has not as yet exhausted and are not likely to be.

In speaking of the society of Mount Tabor we would not overlook the fact that there are many delightful old people here.

Many channels of pleasure are to be found. A few there are who wander off in solitude, choosing

rather to be alone with nature than to mingle in social intercourse. Some will study the flora of the mountain, while others manifest their taste for entomology by returning home laden with insectivorous life. Others still forming themselves into archery clubs and croquet parties, attracting many to witness their skillful performances on the play-grounds.

Thus the picture of Mount Tabor has presented itself to the writer. It is not necessary to multiply words further upon its desirability as a Summer resort. Each succeeding year shows a marked increase in its population. Those who once come are sure to return; and, considering, finally that the cost of living is reduced to the minimum we do not hesitate to advise all to "Escape to the mountains."

The Architects of Mt. Tabor.

The immense work done upon Mt. Tabor by the various Boards of Trustees is purely a labor of love, wrought with christian zeal and done in the Master's service—without fee or reward of any sort. It is a joint labor of the clergy and laity of Newark Conference, and through it many hundreds of souls have been blessed and the cause of Christ strengthened throughout the Church.

But how wonderfully have their responsibilities multiplied! Originally detailed by the Conference to conduct a mid-summer Camp Meeting of a few days in some convenient grove, our efficient and esteemed President suddenly finds himself the "Mayor" of a thriving city, and his associates, the Board of Trustees, the active and faithful "Alderman," who with singleness of purpose, aim to provide the greatest good to the great number who congregate on Tabor, a willing "constituency."

Instead of conducting the affairs of a Camp ground, they legislate for a gem of a City, whose streets are lined with superb cottages, that are supplied with the purest of spring water, by a perfect aqueduct system, and whose occupants from April to November throw open their doors and windows to the light, that streams through forest trees. It of course necessitates the presence of Trustees on the grounds from early in the season to late in the Fall, and during the winter months they must see to

the gathering of an immense harvest of ice, besides securing other necessary supplies. Then in the Spring and Fall the greater part of the surface improvements, grading, laying out and constructing new avenues, the excavations incident to replacing small aqueduct pipes with those of larger capacity where the increased growth of the town demands it, maintaining a fine system of underground and surface drainage and a hundred and one matters incident to the comfort of cottagers all increasing responsibility and augment the labors of these unselfish gentlemen to whom we owe so much.

Mt. Tabor Improvements.

The improvements of the place during the past two years have been of a nature calculated to greatly increase the value of lots, whether already built upon or vacant.

In approaching the grounds from the rail-road station we notice directly in front of the entrance one of the most beautiful flag staffs in the State, partly encircled by fine maple trees. Casting our eyes either to the right or the left we observe just inside of the wall which was completed last season a row of very fine Austrian Pines, giving an evergreen appearance of fine effect along the entire length of the wall.

Passing between the pillars or columns and entering the grounds, we notice on either side of the broad walk (which bears in an oval shape to the right) and just outside of its well paved gutters, rows of maple trees. Trees of the same kind may also be seen along the walk just completed, which bears to the left in a corresponding curve to the one at the right. Between these walks as well as to the right and left of them great care has been taken to make rough places smooth so that a finely ornamented lawn, beautified with flower beds, will no doubt soon greet the eyes of all visitors.

St. James' Park is looking unusually well this year because of the rapid growth and thrifty appearance of the great variety of evergreen trees therein contained.

Precautionary measures in regard to sanitary affairs were taken some time since and everything tending to add to health, comfort and convenience, has been carefully considered, thus making it one

of the safest and most desirable places to spend the summer season. All new water pipes will hereafter be put below freezing points and it is claimed by many that it will soon be a place of permanent residence—Winter as well as Summer—for a large number of people.

It is hardly possible to allude to all the changes made here since last year, for in looking in any direction it will be observed that necessary, judicious and well directed improvements is the general order of the day, and the transformation has been so great that those who have been absent for a few years would now scarcely know the place.

OUTDOOR GAMES AND AMUSEMENTS.

Those who go to Mount Tabor will spend the greater part of the day outdoors. Amusements and games, in which a number can indulge in, are absolutely essential to while away the tedious time. Croquet, Lawn Tennis, Archery, Base Ball and several other games that are new and interesting will be found at our Bazar. For our little friends we have every form of amusement, for indoors and out, and they are to be thought of when you go. We also have a very large stock of books at half the publishers' prices and can supply you with excellent summer reading at

HAHNE & CO'S GREAT BAZAR,

645 TO 655 BROAD STREET.

PACKED AND DELIVERED FREE TO DENVER.

There is but one house in this State that packs all purchases carefully and delivers them free of charges at Denville, as freight and that house is Hahne & Co., the great suppliers of household necessities and comforts, 645 to 655 Broad Street, Newark. You have but to select your goods, and they attend the paper packing and delivering to your depot.

Moore's Throat & Lung Lozenges

To Preachers.

NOTE.

I had abandoned all use of Lozenges, Troches and kindred articles for colds or hoarseness, but, since using "Moore's Throat and Lung Lozenges," they have become a necessity with me. I know nothing of the kind equal to them."

A. L. BRICE.

Rev. Doctor Brice, of Newark Conference, has stated the case in fewest possible words. He had "abandoned" the use of lozenges, troches, etc., because they in truth had no LASTING GOOD; but now after a trial for several years of Moore's Lozenges, he finds the benefit they yield him, render them a necessity to him, on this ground they have the REAL merit a public speaker seeks. You'll find it the same.

DR. C. C. MOORE,

78 COURTLAND ST., NEW YORK.

SPEER'S Communion Wine.

The Unfermented Juice of the

OPORTO GRAPE,

Preserved in its natural fresh state as it first runs from wine press. Made expressly for the

Church Communion Table.

FOR CHURCHES AND HOSPITALS.

Excellent for Females and Weakly Persons.

THE UNFERMENTED GRAPE JUICE.

MR. SPEER,

Who has vineyards of the Oporto Grape at Passaic, N. J., from which he makes the celebrated PORT GRAPE WINE, has also been induced by temperance advocates and ministers of the gospel to preserve grape juice in its natural state without the addition of Spirits, and without fermentation, for the special use of churches where fermented wine is discarded and for medical use in cases where Physicians wish to get the medical properties without stimulation. The juice is preserved by extracting the ferment of yeast principal from it as it runs from the press thereby destroying the exciter of fermentation. The juice will keep in any climate. ALSO FERMENTED GRAPE JUICE OR THE PORT GRAPE WINE.
